## TWO THOUSAND HEAR NATIONAL LEGION CHIEF

### CARLOAD OF COUGHS FOR COOLIDGE IN INDIAN PEACE PIPE

(Special To The News)  
GLOBE, ARIZ., March 5.—Well, Calvin did a mighty fine job of dam dedicating here this afternoon. He made a dam good speech favoring dams. Said he didn't want to come at first. "But I had a final President Hoover asked him to come." He naturally couldn't refuse Mr. Hoover for in a few years they might be opening a Hoover Dam and he might want to ask Mr. Hoover to go and dedicate it.

He dedicated the bridge to religion, a very beautiful thought and appropriate at this very time, for here is Russia with twice our national resources, three times our size, bending every government energy to throttle all religion. All you have to do is look at the two countries and see whose policy is the best. A peculiar thing about the dam that you may not read.

One ceremony reminded me of a blindfolded tobacco ad test. Mr. Coolidge and an Apache chief and a Pima chief all took a whiff from the same pipe. The Indians didn't bat an eye, but Calvin coughed over a carload's worth.

Yours,  
WILL ROGERS.

### PA NEW OBSERVES

Ash Wednesday! The beginning of Lent and time for introspection. The Catholic churches and Trinity Episcopal began the Lenten season with services this morning. The other churches of the city will have theirs this evening.

Pa New notes that councilmen are beginning to consider paving of streets for the spring and summer, the Meyer avenue petition being the first one considered. The matter of getting a street paved leading to the magnificent George Washington Junior high school is one that should elicit attention of councilmen this spring. There is an improvement that is feasible, that should be made this year.

On March 13 and 14, Thursday and Friday of next week, there is only one place that should be down on the slate book—Cathedral. The Jamestown Memorial benefit minstrel and revue is scheduled for that date and indications are that the show will play to capacity crowds. This is a cause Pa New deems worthy of city wide support.

New Castle added to past laurels last night in the Successful Western Pennsylvania banquet to the National commander. This is the third year in which New Castle has surprised the national commander of the legion with about the biggest banquet and meeting that he encounters in all his travels about the country. It is certain that New Castle is a high spot in the year's program for any national commander and other high officers of the National Legion. With nearly 2000 assembled at the gathering as was the case last night, the national commander cannot but carry with him a memory of a great achievement, when he leaves New Castle.

### Daily Weather Report

Weather statistics for the 24-hour period ending at nine o'clock this morning are as follows:  
Maximum temperature, 34.  
Minimum temperature, 20.  
Precipitation—Trace of snowfall.  
River stage 7.6 feet and falling.

Perry S. Gaston Post, American Legion, and the Legionnaires of the Twenty-Sixth Congressional District in holding their third annual National Commander's banquet at the Cathedral Tuesday night had their most outstanding and successful celebration in the history of the organization in this city and congressional district.

Nearly two thousand persons, Legionnaires, their wives, mothers, sisters and friends from all parts of the Western Pennsylvania district and several Eastern Ohio cities were in attendance and did honor to O. L. Bodenhamer, National Commander of the American Legion and other national and state leaders, who were present for the event.

WASHINGTON, March 5.—The federal government refused today to become excited over the "red uprisings" which communist elements have planned tomorrow in scores of American cities as a part of a world-wide demonstration against unemployment and the existing industrial situation.

The policy of the government is to leave the handling of the demonstrations to local authorities in every case. If there is "rough stuff" club swinging and head breaking, apparently it is to be done by municipal police and not by federal agents.

Very Little Interest  
The department of justice, which in other years has displayed almost feverish activity against communist agitators, professes to have only a tolerant, almost academic, interest in tomorrow's demonstrations.

In the course of their regular work, the department's agents keep in touch with communist activities, but no widespread raids are planned for tomorrow, nor is there any indication of undue alarm over what the demonstrations may develop. The federal slogan appeared to be, "leave it to the local authorities."

### TOLL OF OVER 140 LIVES TAKEN BY FRENCH FLOODS

(International News Service)  
PARIS, Mar. 5.—The most devastating floods suffered by France in more than a century have taken a toll of more than 140 lives reports reaching here from inundated districts indicated today.

The greatest death toll was taken at Moissac, a town on the river Tarn, where according to reports a dam burst during the night flooding the community and causing about 30 persons to drown.

The flooded area in Southern France was virtually isolated today and attempts to make exact estimates of the casualties and damage were difficult. All telephone and telegraph wires were down, roads were impassable and railroad tracks were washed out.

However, it is believed that property damage will run well above \$3,000,000. Hundreds are homeless. Many prosperous farmers lost all their possessions when the floods swept away the livestock and ruined crops.

### CONVICT MURDERS KEEPER AT AUBURN STATE PRISON DURING NOON MEAL HOUR

(BULLETIN)  
(International News Service)  
AUBURN, N. Y., March 5.—Principal Keeper Edward Beckwith of Auburn state prison was stabbed to death by a convict in the prison mess hall shortly after twelve-thirty today.

Beckwith was killed as he was supervising the march of the prisoners into their mid-day meal.

One of the prisoners stepped from the long line and thrust a knife in his back.

Third To Be Murdered.  
Beckwith is the third principal keeper of the prison to be murdered while on duty.

Max Becker, Brooklyn gangster, is now on trial here for the murder of Principal Keeper George Durnford, during the bloody riot of December.

James Durnin, principal keeper who preceded Durnford was murdered two years ago.

The convict who committed the murder was captured by guards. They refused to disclose his identity.

### Announce Program For Day Of Prayer

Missionary Societies Of The City  
And County Will Join In  
Friday's Service

The world Day of Prayer for Missions will be held Friday in the First Presbyterian church of New Castle, when all the missionary societies of the city churches will meet in this annual event.

The first session will be held at 10:30 with a retreat for wives of ministers of all denominations, with Mrs. J. L. Stratton in charge. Mrs. C. S. Joshua will close the retreat with a consecration service. All women of the city are invited to the consecration service.

The afternoon session will begin at 1 p. m. and an interesting program has been prepared by the various denominations, races and nationalities of our city. The subject for the afternoon will be "That Jesus May be Lifted Up" and the various churches will be represented as follows:

First Methodist by Mrs. Martha Ketter, Mahoning M. E. by Mrs. Alex Johnston, Central Christian by Mrs. Oscar Johnston, Reformed Presbyterian by Mrs. A. C. Gardner, Highland U. P. by Mrs. T. S. McAnis, St. John's Lutheran by Mrs. Harry Miles, Croton Avenue M. E. by Mrs. C. S. Joshua, First Baptist by Mrs. W. H. Williams.

In addition to the talks given by the above women, there will also be musical numbers by members of the colored churches, Primrose M. E., the Welsh churches and the Swedish Lutheran.

### May Not Erect Croton Avenue Light

Council may and may not install a traffic light at Croton avenue and East Washington street.

This was indicated today when the traffic situation at that point was given formal consideration.

It is said that the chief of police may receive a suggestion to have a traffic man located permanently at that point.

At night, according to one city hall suggestion, he would be beneath a beam of light and wear white markings and white gloves.

To erect a light at the corner would cost at least \$500, it is reported, and several councilmen feel it is said, a man could be more efficient.

PHILADELPHIA, Mar. 5.—Secretary of Labor James J. Davis will announce his candidacy for the Republican U. S. senatorial nomination within the next few days—in Pittsburgh, the scene of his early struggles as an iron puddler.

This was the consensus of opinion in political circles here today as the belief became stronger that William S. Vare's physicians are obstinate in their refusal to permit the Philadelphia G. O. P. chieftain to continue in the race because of his impaired health.

Expected Shortly  
Davis' announcement, it was said, will be made in the Smoky City because of sentimental reasons. It was there that the cabinet official started his labor work while employed in the steel mills and gained the recognition of his fellow workers that has resulted in him being one of the most popular of all labor leaders. The announcement is expected to come today or tomorrow.

Davis would head a ticket with Francis Shunk Brown, Sr. of Philadelphia, running as the gubernatorial candidate. Brown has admitted that he expects Davis to be his running mate. He revealed that he had conferred with Vare by telephone and intimated announcements may be looked for from Vare and Davis within a few days.

State Not Completed  
The final make-up of the remainder of the slate to be backed by the Philadelphia organization in opposition to the slate of Senator Joseph R. Grundy for the senatorial post and Samuel L. Lewis for governor has not yet been decided upon. The names of several men are considered for the various other offices but not until Vare personally approves the list it is understood, will they be announced. Just now the members of the "war-board," or the so-called "board of strategy" are endeavoring to decide upon the men who will swing the most votes possible into line for the entire slate.

(International News Service)  
SAWTELLE, Cal., March 5.—Three men were killed in the wreck of a bi-plane on the outskirts of the Will Rogers ranch near here, according to reports to Sawtelle police.

An earlier report stated that two bodies had been found in the unidentified wreck.

Licence Holder Revealed.  
WASHINGTON, March 5.—The department of commerce license C 3978 reported found on the airplane wrecked in the hills near Sawtelle, Cal., today with the bodies of two men in the cockpit, was issued to Morey Johnson of Hollywood, Calif.

Commerce department officials said Johnson was given a private license for the plane on Sept. 24, 1929. The records give no further details.

### State Highway Patrol Arrests Fifty Drivers

Approximately 50 drivers of automobiles have been arrested since March 1, on a charge of operating motor vehicles without 1930 operators license, it was learned from Pennsylvania highway patrolmen today.

When arrested the operators appear before an alderman nearest the scene of the arrest and according to the state highway patrol, the usual fine is \$10 and costs.

Murder Trials

No Decision As To Whether  
Irene Or Dague Is To  
Be Tried First

With the grand jury rapidly nearing the completion of its task, that of returning true or not true bills for the indictments presented, the Lawrence County Court House will be a rather quiet place for the next few days. The quiet, however, is merely the calm that precedes the storm for on March 10th, the March term of criminal court opens and either Irene Schroeder or W. Glenn Dague will go on trial for the murder of Corporal Brady Paul.

Realizing that the interest in the trials of the pair has attracted considerable attention, Judges Hydebrand and Chambers have considered the matter of space in the court room, especially in Court Room number one during the cases. Sheriff Johnston was instructed to mail each juror who is to be called, an identification card, which will admit him to the court room.

Space to be Scarce  
Two panels of sixty jurors each has been called for the week of March 10th, making 120 in all. The court room holds but 220 people seated. To the 120 jurors should be added approximately 50 witnesses who will be (Continued On Page Two)

### New Wilmington's New Fire Truck Arrives In City

New 500-Gallon Pumper Will  
Provide Adequate Protec-  
tion For College Town

New Wilmington's new fire truck, which has been purchased to give the college town adequate fire protection, has arrived in the city and will be unloaded either this afternoon or tomorrow morning. It will be subjected to a thorough test before it is finally turned over to the borough officials for use.

The new engine is a 500 gallon pumper, which was manufactured by the Seagraves Co.

New Wilmington borough has suffered several fires of a serious nature during the past few years, and the fire fighting forces of the borough have been handicapped because of a lack of equipment. This will be remedied, it is believed, by the new equipment, which is modern in every respect.

WASHINGTON, March 5.—On the sidelines for several weeks while the wets made a smashing attack on prohibition, the dries got their turn today and opened their case in rebuttal before the House Judiciary committee with a plea by Henry Ford for retention of the 18th Amendment.

Ford Sends Telegram  
Samuel Crowther, who lately has been the auto magnate's Boswell, presented the committee with a telegram from Ford which praised the much-attacked amendment as "the greatest force for comfort and prosperity" in the country.

Ford's telegram stated:  
"The 18th Amendment is recognized by the men of our country, the women especially, as the greatest force for the comfort and prosperity of the United States. I feel sure the same people of this nation will never see its repeal or any dangerous modification."

A telegram from Thomas A. Edison, the famous inventor, also was read by Crowther. It said:  
"I still feel that prohibition is the greatest experiment made for the benefit of man. My observation is that the amendment generally is at least 60 per cent effective and is gaining notwithstanding the impression through false propaganda that it is a lower per cent. It is strange to me that some men of great ability and standing do not help to remove the curse of alcohol."

Rep. Graham (R) Pa., committee chairman, asked if Crowther solicited the telegrams.

"Yes," replied Crowther.

"Did some people suggest that you seek them?" asked Graham.

"Yes, but I prefer not to name them."

"Well, if you are ashamed to say—"

"No, I am not ashamed but I prefer—"

LONDON, March 5.—Dino Grandi, Italian foreign minister and chief of his nation's delegation to the five-powers naval parity, believes that the conference will fail completely soon after the return of the French delegates, it was learned today.

Grandi's pessimistic attitude was revealed when he sent a telegram to his wife, who is now in Rome, advising her to remain there pending further developments. She had planned to join him immediately.

The Italian delegate's viewpoint is based on the apparent assurance that Andre Tardieu will be given a vote of confidence as premier of France in the Chamber of Deputies, enabling him to return to London to push his demands for a fleet approximating 725,000 tons.

Not for worlds would I care to say, aught of the styles that the ladies wear, nothing of hats or of scarfs or cloaks, naught of the manner they wear their hair. But if I did say a word or two, this I would write with a modest pen, styles are not made for the ladies' tastes, but rather to satisfy whims of men. Short skirts or long skirts, boobed hair or long, these are the things that are changed a pace, all of them add to milady's charm, all of them add to her poise and grace. But chic though they be and all that, let me say, styles point at men, forty-two today.

## Kansas Flareup Explained Today

Party Politics In Kansas Reason For Allen's Being Charged As Oil Lobbyist

### SPROUL'S LETTER CLEARS UP CASE

(International News Service) WASHINGTON, Mar. 5.—Party politics in Kansas over the senatorial seat now held by Henry J. Allen, was the reason why he was accused of being "The Standard Oil Lobbyist" in Washington, former Rep. Philip P. Campbell told the senate lobby committee today.

A letter written by Rep. Sproul, of the third Kansas district, read to the committee last week, asserted Campbell was the "Standard Oil Lobbyist" in Washington, former Rep. Philip P. Campbell told the senate lobby committee today.

"Sproul is running for the senate at the next election and he thinks I'm running too. This is due to a misunderstanding," said Campbell.

"Who is Rep. Sproul running against?" Senator Blaine asked.

"Senator Allen," Campbell replied.

"That is the only reason that I can see why Sproul wrote that letter,"

## Two Detained In Donohue Murder

Two Overheard Discussing Case In Pittsburgh Are Held For Officials

(International News Service) PITTSBURGH, March 5.—Thomas Bond and Ted Dawson, both of this city, today were held by police pending the arrival of Fayette county authorities who are investigating the mysterious murder of John F. Donohue near Uniontown on July 31 last.

The arrests were made on the request of special prosecutor Albert E. Jones of Uniontown, who told north side police he had been informed the men had been overheard discussing the Donohue case in a downtown Pittsburgh restaurant.

Donohue, a Uniontown constable and prominent in Fayette county political circles, was found shot to death in his automobile last July. The body was found six miles from Uniontown. A bootleg feud was at first blamed for Donohue's death.

## Two Injured In Pittsburgh Fire

(International News Service) PITTSBURGH, March 5.—Fireman John Coyne was injured and Emmet Campbell, 21, an employee, was severely burned by chemicals when fighting a fire of mysterious origin at the Schucker Service company here today. The men were taken to the Homeopathic hospital.

James Walton, 24, a former employee, was held for questioning. Campbell told police he met Walton coming from the basement shortly before he discovered the blaze and said the man could give no reason for being there.

Damage to the building and eight stored automobiles was estimated at \$2,500.

## Plan Benefit For Disabled Vets

Arrangements are now being made by the members of the ladies auxiliary to the Harry L. McBride post, Veterans of Foreign Wars, for a benefit dance and card party to be held at Danceland on Saturday evening, April 12.

Committees in charge of the event are now at work making plans for the event and a good crowd is expected to be in attendance on the occasion. The money derived in this manner will be devoted to the relief of disabled veterans and their families in the city.

ced he was unable to confirm reports that the demonstrations tomorrow have been directly financed by Moscow. That the world-wide propaganda machine of the Soviet has encouraged the program there is little doubt, but rumors of Moscow authorities having sent millions of dollars into America to put on the show are taken here with a large grain of salt.

Unemployment Worries Instead of becoming unduly alarmed or hysterical over the scheduled demonstrations, administration officials from President Hoover down have turned their attention to the more serious side of the situation—which admittedly is the growing unemployment throughout the country. The cabinet discussed it rather fully yesterday, and today it was reported that President Hoover is considering the advisability of summoning a national conference of industrial heads and labor leaders, similar in scope and purpose to that held in 1921 when unemployment became a serious problem in the first year of the Harding administration.

As secretary of commerce, Mr. Hoover was chairman of that conference. The chief question mark in the present situation, according to administration leaders, is the unknown extent of unemployment today. Estimates of the workers now jobless run all the way from 3,000,000 to 8,000,000, but the painful fact is that no one knows, and the figures are all guesses, based upon scanty figures which permit of certain deductions.

## Pope Pius Attacks Modern Dress-Press

(International News Service) VATICAN CITY, March 5.—Pope Pius XI has again launched a strong attack upon modern youth, relaxation of family discipline and irreverent lack of restraint on the part of certain parts of the press.

In an address to Lenten preachers he scored the lack of parental authority over young girls who made it a habit of going out unchaperoned and returning late at night. He also scored the attitude of the youth or today who openly look upon their elders as "know nothings."

## Braddock Will Get Celebration

Braddock Chosen As City To Hold 175th Anniversary Of Battle Of Monongahela

(International News Service) WASHINGTON, Mar. 5.—Braddock, Pa., will be the scene of the commemorative of the one hundred seventy-fifth anniversary of the battle of the Monongahela following approval of the bill proposed by Representative Clyde Kelly of that city in the house. The bill authorized the appointment of an official commission to arrange for the celebration scheduled for next July.

Objection to the bill on the part of Congressman Laguardia of New York on charges that it might involve federal appropriation, which might be "squandered" by those in charge of the arrangements, was downed by Congressman Kelly with the statement that no appropriation would be asked for and the money would be largely raised by private subscription. The proposed commission will consist of two members of the senate, two members of the house, and one person to be appointed by the president.

The commission will work with societies making plans for the anniversary of the famous battle, which marked the start of George Washington's military experience. Popularly known as "Braddock's defeat," the battle was fought July 9, 1755.

In the case, this leaving space for but 50 spectators at the trial. It is hoped that the public will remember that the court room is small, that only one per cent or less of the people wishing to get in, can be accommodated, and that there will be no standing in the court room during the progress of the trial. These facts make it physically impossible to allow many people in as spectators and in order to avoid any embarrassment, the public will not attempt to gain admission to the court room it is hoped.

While the term of court opens on Monday morning, the defendants to be tried first will not be brought into the court room until nearly noon. This because of the usual preliminaries attending the opening of a term of criminal court. This includes a double check of the jurors, presence of motions or petitions and other preliminaries.

### Alibi Defense

Possibilities of an alibi defense being presented by Irene and Glenn were seen Tuesday afternoon when Attorney Kedgwin Powell said that the commonwealth would have to prove that either of them were ever in New Castle on the day of the murder of Corporal Brady Paul. When she comes to the court room, Irene Schroeder will probably look considerably thinner than she did when she returned from Phoenix. She has lost some weight during her stay in jail although not enough to give her a slim figure. Hardly more than five feet tall, and weighed in the neighborhood of 155 pounds when she returned from Phoenix, and her appearance naturally was rather squat.

While no statement has been made to that effect, it is presumed that the wives of both Irene and Glenn will be arriving in New Castle Saturday or Sunday to be near them when they go to trial for their lives, as the result of the brutal murder of one of the State Highway Patrol's best men.

For the crime District Attorney John S. Powers will insist that both of them be given the electric chair. Mr. Powers feels that the wanton murder of a state officer is a crime of such grave consequences that only the electric chair can expiate that crime.

Crowther said a canvass of industrial leaders supported his statement, although admitting that there was much divergence of opinion among the 87 who answered his question.

Among those he quoted as saying that prohibition has increased the spending power of working men were E. J. Buffington, president of the Illinois Steel Corp., and Josias Keely, president of the Cabin Creek Coal Co., of West Virginia. He said that prohibition's big part in prosperity is increasing the consuming power of the nation.

Crowther said the evidence showed it is the people with the higher income that are spending money for liquor.

The Italian astronomer Angelo Secchi, a Jesuit father (1818-1878), made a study of the stars with a view to classify them after findings made with the spectroscopic. He examined many hundreds of stars down to the eighth magnitude, and had the results printed in a catalogue. Secchi classified all of the stars under four heads or types: type one included all of the white stars, such as Sirius and Vega; type two embraced the yellow stars, such as Capella and Arcturus; type three, the orange or reddish stars like Betelgeuse and Antares; type four consisted of telescopic stars that were red.

## County Schools In Music Competition

Contestants At New Wilmington Last Night From Six County Schools

(Special To The News) NEW WILMINGTON, Mar. 5.—Contestants of six high schools of Lawrence county competed here last night in a musical contest, the fifth of a county series. The instruments were violin and saxophone. Schools represented were: Union, Bessemer, Eastbrook, Shenango, Mt. Jackson and New Wilmington.

The contests were judged on tone quality, playing ability and rhythm. The point system was used in marking the contestants.

Each contestant played two numbers, a set number and one of their own choosing. The set number in violin was "La Brunette" by Severn and the set number in saxophone was "Salute D'Armour." Each contestant played the required piece and one chosen. Those chosen were varied and will be mentioned.

In the violin contest, Lowene Swindler won first place. Miss Swindler is from New Wilmington. Her number was "The Swan Song" by Saint Saens.

Second place went to Mike Cifra of Union. His number was Humoresque" by Dvorak.

Third place went to George Peltz of Bessemer. His number was "Hungarian Dance" by Brahms.

In the saxophone contest, Donald McGrew of Union won first place. His chosen number was "Melody in F" by Rubenstein.

Second place went to Frances Clark of Shenango. His chosen number was "Song of India" by Korsakoff.

Third place went to Joseph Polis of Bessemer. His chosen number was "Song of India" by Korsakoff.

The judge was J. P. Repligle, director of instrumental music at New Castle.

limitation treaty, Grandi's pessimism was only one of a number of concrete indications that the conference was having grave difficulties. The others were:

1.—The Japanese government has instructed its delegates under no circumstances to recede from the 70 per cent auxiliary ratio demand.

2.—The cruiser negotiations between Japan and the United States reached an apparent impasse.

3.—Efforts to discuss maximum tonnage limitation of individual submarines were balked by Japan's protest she was unprepared for such a conversation.

Nevertheless Grandi's attitude was not shared in other conference quarters, although it is regarded as a foregone conclusion that great difficulty will be encountered in obtaining a recession from France's big navy demands if Tardieu is upheld by the chamber.

## B. AND A. CLUB ENJOYS GATHERING

The B. and A. Club were delightfully entertained Tuesday evening at the home of Virginia Katterson, on Galbreath avenue when they gathered for their regular meeting. Cards featured the social hours, with two tables of 500 in play, the first prize being awarded to Mrs. T. J. Evans and second prize going to Mrs. Chester Hetrick. The guest prize went to Mrs. A. J. Gerlach of Beaver Falls, Pa. Two other guests of the club were the Misses Lillian DeLillo and Elizabeth Katterson, the latter a sister of the hostess.

At a proper hour, they were invited into the dining room where a most delectable lunch was served by the hostess, at a beautifully appointed table, in tones of green and white, suggesting St. Patrick's in a clever manner. A large basket of roses was used as the table centerpiece.

A special feature of the club was a piano solo rendered by Miss Margaret Brunder. The next meeting will be Wednesday evening of this week.

**Temple Class Meets**  
Members of the Temple Bible Class gathered in the dining room of the First Baptist church Tuesday evening at 6:30 and enjoyed a delicious chicken dinner, which was prepared and served by Group A, under the chairmanship of Mrs. Harry Bannan. The table presented a lovely appearance with its tall vases of pink and white spring flowers and tall wax tapers.

Daniel Kennedy, who is teacher of the class, was selected as the teacher of the class, 31 years ago and has proved so efficient and expounds the lessons in such a delightful manner that he has been retained all these years as teacher. Mrs. Ada Gillespie and Dot Schaefnacker, who were charter members of the class, were also present at the dinner.

Music was enjoyed throughout the evening and some pleasing recitations by little Ruth Aileen Sturdy were enthusiastically received.

**Queen Esther Class.**  
Misses Pearl and Angie Colnot were hostesses to the members of the Queen Esther class of the Third U. P. church in their home on Ray street Tuesday evening.

Devotional were led by Mrs. Esther Hook, teacher of the class. Plans were made for a St. Patrick's dinner March 17 and a "home coming" Sabbath on April 6, in which every member or everyone who ever was a member should put forth an effort to be present.

The committee in charge of the dinner consists of Miss Susan Wallace, Mrs. Lucille Russell and Viola Lewis. About 25 members were present last night. After the business meeting, games and contests were the pastimes. Mrs. Jennie Bryan and Mrs. Kathryn Leslie were in charge. At a seasonable hour a tempting lunch was served by the hostesses, assisted by their mother and Mrs. A. W. Colnot.

The next meeting will be held the first Monday in April, with Ethel Bixler and Lucille Russell as joint hostesses.

## LAUGHING AT DANGER

THAT man is adventuresome, daring and courageous by witness him as he runs the gamut of daily life. It is a trait that comes to him naturally instinctively. He needs no provocation to urge him to deeds of daring nor can he be deterred by the cautious tears of the timid members of the species.

It is known that all animals experience the sensation of fear and that all fear is based on a premonition of bodily harm or death, but, although this sensation is strongest in man, man is most prone to court it.

In spite of thousands of fatalities annually men, women and children daily climb perilous crags, tempt the deeps in flimsy craft, take to the air, participate in dangerous sports, speed in automobiles and otherwise disport themselves as though they would laugh at death.

We know that man loves life and fears death. We also know that he momentarily tosses the dice with the grim reaper and thinks nothing of the experience. The only explanation for this seeming paradox is the fact that the spark of eternal hope is stronger in the human mind than either his fear of death or his love of the risk that thrills. Sometimes our hope leads us into disastrous over-confidence. A little caution is good for all men.

## BRITAIN'S ABANDONED PRISONS

A certain Douglas A. Thom has just let it be known in the current issue of a magazine that "penologists, criminologists, and sociologists are all in agreement that as a deterrent of crime punishment, as such, has been a failure."

Since there seems to exist such perfect unanimity of expert opinion on this point, nothing is likely to be gained by mentioning the fact that Great Britain has just abandoned as needless its twenty-seventh prison since 1914 or that its prison population has decreased 70 per cent since that time.

In Great Britain punishment is swift and certain. In the United States, where it is not, the problem of what to do with abandoned penitentiaries is not particularly acute. We could probably use, as a matter of fact, all of Britain's 27 castles.

Punishment, or at least certainty of punishment, has not proved a failure as a crime deterrent in this country, the opinion of Mr. Thom's penologists, criminologists, and sociologists to the contrary. It simply hasn't received a real trial.

## A FRENCHMAN'S TRIBUTE TO AMERICA

Americans who still go abroad in search of culture might lay to heart the advice of M. Paul Morand, the French novelist, whose book on New York is being widely read in France just now. In an address to the American Club of Paris he told the members they ought to return to their own country. If they were looking for culture and the gentle art of living they would more easily find it in New York—perhaps more easily, although he did not say so, in cities like Philadelphia, Baltimore or Boston. He reminded his hearers that those who object to American standardization will now find it in Europe with all its drawbacks and none of its advantages.

Coming from a Frenchman, who might be expected to regard France as superior to all other nations, at least in every cultural aspect, this confession is significant. M. Morand gives chapter and verse for his assertions. He finds in America good manners, with the lack of which we have so often been reproached. Many cross the ocean, he thinks, not to find Europe but to avoid their homes; others because it is cheaper. What further reasons are there? Even art is going West. Europe is losing its old masters. M. Boland visualizes the Europe of the future as a kind of Middle West and Salt Lake City as a land of treasures such as Italy now is. There is exaggeration in this, of course; but the fundamental idea is sound. We are not only borrowing from Europe; we are developing a culture of our own.

We already have, M. Morand points out, "the world's great actors, musicians and entertainers. Everywhere are cultured women." The Americans who rush abroad for what they can find at home are deficient in wisdom as well as in patriotism.

## MODERN ARTISTS

Henry Ford may be surprised to learn that he is an artist. He is so described by an author-librarian. All creative genius, he says, be it exerted in commerce, chemistry, mathematics or any sphere of activity or thought, is artistic. Mr. Ford has shown the true creative spirit in manufacturing automobiles.

On this theory, anything big done in oil, coal, steel or rubber proves in the engineer or promoter creative genius and reveals the artist. Consider the creative chemist: he projects his thoughts precisely as does the musician, or as does the architect.

Carrying out the analogy, the physician who discovers a preventive serum is an artist. No one could withhold the title from the horticulturist who produces new blooms and works miracles in plant life. Burbank was one of the greatest artists of all time.

It is a grievous error to call creative genius only that which concerns itself with music, poetry, writing, painting and sculpture. Some modern captains of industry, who may be vulgarly known only as men of great wealth, are artists because they have created something that is useful, on a large scale, to humanity.

Certainly, the man or woman who excels in industry, commerce, invention or science is more deserving of the name "artist" than the second-rate painter, literary man or musician. Many in the arts fall far short of being true artists. And many not in the arts are artists even though their works are wholly materialistic.

If War Did Come.

The Prince's Malaria.

Ask Mussolini.

Oh! Man, Full Of Guile.

By ARTHUR G. BRISBANE  
(Copyright, 1930, King Features  
Synd., Inc.)

An airplane hurried to the Prince of Wales' hunting camp in Africa, supposed to carry important news concerning affairs of state.

It turns out that the Prince has malaria. The airplane, probably, was taking a doctor, or perhaps, only quinine. Little things are more dangerous than big ones sometimes. The Prince went to kill lions and elephants, and did both safely. A small mosquito, planting the malaria germ in his blood, makes him a sick man. Fortunately, quinine, taken internally or injected into the blood stream, cures malaria, being one of the few cures that men possess.

It is amazing to recall what happened when Jesuit missionaries, 300 years ago, learned in South America the value of "Peruvian bark." They brought it back to Europe and named it quinine, for the Countess of Cinchon. "Good Protestants" refused to use it, calling it "an invention of the devil," because it came from the Roman Catholic Church.

The Protestant Prince, nevertheless, will use it now.

Chicago gathered in, over the weekend, 814 more alleged gangsters. Some caught with pistols, will go to jail, others, aliens, will be deported. A majority will break through the net.

Chicago shows energy, but will not end gang rule and racketeering by mild methods. A commission might be sent to ask Mussolini what he would do and how he dealt with the Mafia in Sicily.

That Mafia organization would have made Chicago's racketeers, most of them, jump out of their shoes, as gentlemen do in the comic pictures. Mussolini brought them into court, chained together in an iron cage. The Mafia was eliminated.

On one occasion Chicago had 4,000 of its gangsters locked up. Mussolini, who believes in action, would very likely have closed the doors and windows carefully and turned on the gas. At the least he would have made each of the 4,000 drink a quart of castor oil.

Very cruel, but it would have reduced Chicago's gang population considerably.

Gen. Ely, commanding the Second Corps area, has a plan to defend New York City in war. He would "mobilize the civilian services."

If modern war came, the civilian services would mobilize themselves. And with them the six million population of New York, as many as survived the first gas and bomb attack, would mobilize themselves by scattering through the country, abandoning the city as rats leave a ship when it is sinking.

In case of an attack by airplane, which would be the first sort of attack in a new war, it would not be necessary for Gen. Ely to worry about his suggestion for "guarding the water supply."

After the first half hour, there wouldn't be anybody left in New York to drink water. The dead couldn't drink it and all the living would have left the city.

Mr. Sykes, who has talent, makes a picture of the Farm Board as an anxious old father walking the floor with two heavy babies. "Wheat" and "Cotton."

The Farm Board decides to stop the carrying. No more buying up wheat sometimes at 15 cents above the market price.

Man is full of guile. The Farm Board discovers with horror that when it pays in the country more than the market price of wheat in the city "slick" city men actually ship their wheat back to the country and sell it to the innocent farm board.

## The World AND THE Mud Puddles

ANOTHER VIEWPOINT

Wild game shooting in darkest Africa is not as wild as it is cracked up to be. In fact there's just about as much danger jay walking in wild game shooting as there is in a Hollywood, and often times it's about as thrilling as going out into a pasture to shoot a cow, according to W. S. Van Dyke, film director, for whom it remained to upset some of the "dope" about this game of hunting in the jungles.

The film director, who recently returned from an expedition into Africa to film "Trader Horn" which turned out to be the longest expedition for the filming of a picture on record, has given out his impressions about hunting which, of course, was merely an incidental matter on his trip.

To begin with, Van Dyke wants to admit that there is danger. "We actually filmed a picture showing the principals in our picture chasing two lions with clubs. Marksmen naturally were on hand to afford proper protection and with the proper care the element of danger is negligible."

"In the open shooting wild game is 'child's play,' Van Dyke declared. "We actually filmed a picture showing the principals in our picture chasing two lions with clubs. Marksmen naturally were on hand to afford proper protection and with the proper care the element of danger is negligible."

Choice of National Flower  
Stirs Debate Wise And Otherwise

Proposed Ratification By Congress Following Referendum Conducted By Nature Lovers May Lead To Opposition, Says Press

Although a plurality of the votes in a referendum conducted by the American Nature Association was cast for the wild rose as choice for the American national flower, there is promise of opposition to the selection. Ratification by Congress, it is pointed out, after all won't change personal preferences.

"According to the most recent estimate," remarks the NEW YORK SUN, "the population of the United States is 122,000,000. Thus it appears that 41-100 of 1 per cent. of the population, including Indians not taxed, were sufficiently interested to record a preference for the wild rose, not a convincing demonstration. The wild rose is a pleasant enough roadside decoration, though it does not elicit enthusiasm from farmers when it establishes itself in the crevices of stone walls. Its blossom is a fragile bloom; this gratifies the cynic because when wayside despoilers pluck it it fades quickly and leaves nothing but them except scratches. The Sun has not yet plumped for a national flower. Perhaps our ballot will be marked for an exotic orchid; a transplanted foreigner would excellently symbolize a country made great by transplanted human beings."

Emphasizing the point that its own State of Washington was strongly in favor of the columbine for the national floral emblem, the SEATTLE DAILY TIMES states as to the result of the balloting: "How little chance Washington and other states that favored the columbine had in the contest may be seen by examining the record. The wild rose is the state flower of Iowa. The Cherokee rose is Oklahoma's flower and the rose is New York's. Also the rose is the national flower of England. Considering everything, it is remarkable that the columbine made so good a showing. One is sorely tempted to suggest that the jury was packed against the loveliness named for the doctress. It will be argued that the English rose is the cultivated rose while the American preference is for the wild rose, a different member of the great family. However, we might have left the rose for England and picked a flower of our own."

"No one could dispute the beauty of the wild rose," declares the CHATTANOOGA NEWS, but that paper upholds the argument that "it has been the national flower of England for hundreds of years," and argues as to an American choice: "It does not grow as extensively in the United States as the columbine. In the South, a great favorite of the voters was the dogwood. Soon the creamy white of this beautiful tree will be adorning our forests. Some Southern cities are transplanting it to their driveways and parks. Ponce de Leon avenue in Atlanta is already lined with dogwoods. Of course, men voting in a referendum does not make the wild rose the national flower. A bill in Congress would be necessary. However, this wild flower contest has served a useful purpose. It has directed the attention of the people to the beauty to be found in their forests and meadows."

"The wild rose," it seems," according to the GENEVA DAILY TIMES, "got 492,811 of the 1,067,672 votes cast—150,000 votes ahead of its nearest competitor, the columbine. No other flower came even close. Such favorites as the dogwood, violet, goldenrod, daisy and mountain laurel finished far down the list. We'll all continue to have our favorites, of course, no matter what flower is officially chosen. But the wild rose, if a choice must be made, is a good choice." That this flower "will do as well as any," is the conclusion of the APPLETON POST-CRESCENT, with the added comment: "We have a national musical setting all ready to go with this choice. MacDowell's 'To a Wild Rose' is one of the loveliest of American compositions. But why ask congress to ratify the selection? Did a Scotch parliament ever officially designate the thistle as the national flower of Scotland, or an Irish parliament set its sanction on the shamrock?"

"The only thing that could be urged against the wild rose," in the judgment of the CINCINNATI TIMES-STAR, "is that it is a bit too shy to symbolize a proud and self-assertive republic of continental dimensions. We like the phlox very much indeed; it is democratic without being plebeian, is a sturdy grower, and turns a friendly face to mankind. Because of the decorative masses that it makes, we like the magnolia which is native, and the bougainvillea which, in origin, however, is East Indian, the zinnia and dahlia which are Mexican, the canna which is tropical, the broom of the Northwest which is Scotch, scarlet sage which is Mediterranean, and the gladioli which is perhaps African. When Congress takes up the matter of ratifying the selection already made, we apprehend the formation of mountain laurel, pansies, and trailing arbutus blooms—instead of the Wars of Roses, a series of regional vendettas against the sweetest of their kindred."

"The ballot," contends the OAKLAND TRIBUNE, "may have served

Strangers seem to have the notion that artistic souls must be a freakish type of creatures which have eyes but cannot see; that their stock of worldly wisdom must be limited to art. So in ordinary matters they can't possibly be smart."

Should an artist once correctly ten from twenty-three subtract. Men will tell it to their neighbors as a most astounding fact!

In there every day discussions, merchants shrewd and wise and vain. Often voice the one conclusion that an artist isn't sane.

And they laugh about his methods and they think his manners strange. As if they hadn't noticed that he always looks in his chair over I believe he'll find them straight.

Monthly Session Of Y. P. C. U.  
Council Is Held In Pres-  
byterian Church

(Special To The News)  
NEW WILMINGTON, March 5.—The monthly meeting of the Y. P. C. U. council was held on Monday evening in the Neshannock Presbyterian church. Some sixty representatives were present from churches of like denomination from all parts of Lawrence county.

Rev. V. L. Bloomquist was the speaker of the evening and talked upon "Council Work." The value of the council to the home church, the individual, and the country was taken into consideration in his talk.

Entertainment for the evening was a cast from the New Wilmington church under the direction of Theda Hartwell. The play was "Nonna-baugh's New Day," and depicted the life on the Indian reservations.

Refreshments were served to those present. The next meeting will be held on the first Monday of April.

Mercer Rotarians  
Monday

(Special To The News)  
NEW WILMINGTON, March 5.—The New Wilmington Rotary club and the Grove City club were entertained by the Rotary club of Mercer at the Humes hotel in Mercer on Monday evening. The dinner served was known as the "Mercer Bean Bake" and some seventy people were present.

The speaker of the evening was Dr. Knutson, formerly a professor in Antioch college, Yellow Springs, Ohio. Dr. Knutson is a nationally known figure in the Rotarian movement concerning boys. He came from Denmark originally where he influenced the Rotary club of Denmark to found a plan of spreading this movement.

## Park Avenue Light Operation Changed

Automobile traffic at Park and Highland avenues flows uninterrupted after 9:30 p. m. owing to the order of Councilman C. H. Reeves which resulted in the cessation of traffic light signals at that time. Several days ago several persons conversant with traffic conditions at that point told Reeves that a traffic signal was not necessary after 9:30 p. m.

## MOTHERS now learn value of MAGNESIA

Because it is so helpful in keeping babies and children healthy and happy, every mother should know about Phillips' Milk of Magnesia.

This harmless, almost tasteless preparation is most effective in relieving those symptoms of babies and children generally caused by souring food in the little digestive tract, such as sour-belching, frequent vomiting, feverishness, colic. As a mild laxative, it acts gently, but certainly, to open the little bowels in constipation, colds, children's diseases.

A teaspoonful of Phillips' Milk of Magnesia does the work of half a pint

of lime water in neutralizing cow's milk for infant feeding, and preventing hard curds. Its many uses for mother and child are fully explained in the interesting book "Useful Information." It will be sent you, FREE, Write The Phillips Co., 117 Hudson St., New York, N. Y.

In buying, be sure to get genuine Phillips' Milk of Magnesia. Doctors have prescribed it for over 50 years. "Milk of Magnesia" has been the U. S. Registered Trade Mark of The Chas. H. Phillips Chemical Co., and its predecessor, Chas. H. Phillips, since 1875.

### Healthiest!

"My little daughter is just about the healthiest girl I know," says Mrs. L. Frank, 5822 Ludlow St., Philadelphia. "And I want to give credit where it is due."

"Phyllis was constipated several years ago. I gave her California Fig Syrup. It helped her so wonderfully that I have used it ever since for all her upsets or colds. It has kept her strong, energetic, rugged."

Children suffer when bowels are not regular. Breath becomes fetid; tongue coated; eyes dull. When these symptoms are neglected, biliousness, feverishness, lack of appetite invariably follow.

The first dose of California Fig Syrup relieves these symptoms and activates sluggish bowels. Successive doses help tone and strengthen weak bowels; improve appetite; encourage digestion and assimilation. Try it with a bilious, headachy, constipated child and see how it helps!

The pure vegetable product, endorsed by doctors for 50 years, always bears the name California. So look for it when buying.

## HOME LIFE DEPENDS ON THE WOMAN

Necessary That She Keep Herself In Perfect Health to Hold Her Family

Happiness of the home usually depends upon the mental atmosphere created by the wife and mother. When she is cheerful, considerate and attractive, home is a delightful place. When she is crabbed, uncomfortable and half sick, the husband and children seek their pleasures elsewhere.

That is one of the reasons why the women of the home must take the utmost precaution to safeguard her health. If she desires to retain the love of her husband and children she must be amiable and magnetic. Many women fail in this because they do not realize that their lack of good health shows in ever action.

No woman can be amiable and attractive when she is dragging herself around utterly worn out. She permits herself to get into this condition without realizing it, and then she sees her home going to pieces. Good health is a matter of keeping all the bodily functions up to top notch. When the system, common sense demands immediate action. Something must be done to restore those great filters of the body, the kidneys and the liver, into working order, and to cause the throwing off of waste products, so that pure blood will refresh the tissues, clear the mind and energize the body. World's Tonic is intended to do just these things. It is a prescription that has helped thousands to health. It will do the same for you—get a bottle of it today from Eckerd's, McKee's, Patley's, Smith's or any other good druggist. (A-51)

## The Way OF THE World

By GROVE PATTERSON

**MUST HAVE SOMETHING DIFFERENT**

If the church, of whatever creed, is to command the respect and confidence of the world, it will have to have something more than ordinary service to offer. It will have to offer something different and distinctly better than other organizations have. The idea is well expressed by Dr. Trexler, high official of the Lutheran church, who says:

"The church rightly claims that she has powers and hidden resources which belong to no other group of men. The justification of this claim, however, lies only in the results which are here. When the church produces finer fibre in character, when she accomplishes miracles among men otherwise hopeless and when she effects crusades of which no one else would dream—then she gives evidence of her unique mission in the world and reveals what she can do in the strength of her unique resources."

"Men and women will flock to the place where they can have the resources which no other institution gives."

**STARTING SOMETHING**  
President Hoover, on his latest birthday, made the acquaintance of a young mountaineer. The boy had never heard of Lindbergh. That made the president think. Here was the ignorance of isolation not the ignorance of a blank mind. So the president gave the word to provide a school. Today it is in operation. Hutchins, head of Berea, greatest mountain college in America, found the teacher. There are 40 pupils in the Virginia hills where the president has his camp. Here is an idea translated into action. This is thinking something and starting something. Many of us think things. Few of us start.

**SPORT**  
The normal and complete man likes some kind of a game. He may not be interested in many games, but if there isn't one sport that reaches and holds his attention there is something gone out of him. He is missing more than he can ever realize. The love of people for clean sport is not a trivial matter. That love goes deep and takes hold on character.

Able Philadelphia business men acted wisely the other day when they awarded to Connie Mack, great figure in baseball, the Bok prize for having performed for Philadelphia the most outstanding service in the past year. Connie Mack properly travels in brilliant company. Other winners of the \$10,000 award are: Dr. Russell H. Conwell, founder of Temple university; Leopold Stokowski, director of the Philadelphia orchestra; Samuel S. Heil, founder of the Graphic Sketch club; Dr. Charles Curtis Harrison, late provost of the University of Pennsylvania; Samuel Yellin, iron master; Dr. Chevalier Jackson, perfecter of the technique for the use of bronchoscope; the Rev. Dr. W. Herbert Burk, rector of the Valley Forge Methodist chapel; Eli Kitz Price, chairman of the building committee of the Philadelphia Art Museum.

Almost any cookie dough may be used as an ice box cookie simply by chilling well in the refrigerator. These are so easily made that a roll of the dough should be kept on hand all the time.

## QUICK RELIEF FROM CONSTIPATION

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 20 years, and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Olive Tablets do not contain calomel, just a healing, soothing vegetable laxative safe and pleasant.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They help cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—stitch headache—torpid liver—constipation, you should find quick, sure and pleasant results from one or two of Dr. Edwards Olive Tablets.

Thousands take them every night to keep right. Try them. 15c, 30c, 60c.

### Folks Past 40 Should Read This

If you are troubled with a burning sensation, functional bladder weakness, frequent daily urination, getting-up-at-night, dull pains in back, lower abdomen and down through groin—you should try the amazing value of Dr. Southworth's "Uroloids" at once and see what a wonderful difference they make! If this grand old formula of a well known physician brings you the swift and satisfying comfort it has brought to dozens of others, you surely will be thankful and very well pleased. If it does not satisfy, the druggist that supplied you with "Uroloids" is authorized to return your money on the first box purchased. This gives you a full 10 days' trial of "Uroloids" without risk of cost unless pleased with results. If you would know the joys of peaceful, restful sleep and normal healthy bladder action, start this test today. Eckerd's or any good druggist can supply you.

## Change System Of Making Calls On Public Phones

Patrons Will Have To Insert  
Coin In Box To Get Oper-  
ator In Future

All public telephones in New Castle are being changed from the post-payment to the pre-payment basis of operation, according to an announcement today by W. R. Bingham, district manager here for the Bell Telephone Company of Pennsylvania.

The company, sometime ago, began installing additional equipment in the New Castle Central office to work in conjunction with the new instruments. The entire program will necessitate an expenditure of nearly \$8,700.

Under the new plan persons desiring to make calls from public telephones will be required to insert a coin in the proper slot on the instrument in order to summon the operator, instead of depositing it at her request after being connected with the desired telephone. The coin will be returned if the call is not completed. The prepayment basis of operation is the same as that used in large metropolitan areas. Recognition of New Castle's growth prompted the Telephone Company to make this change, Mr. Bingham stated.

## All-Feminine Jury Is Latest Thing In Greene County Court

(International News Service)  
WAYNESBURG, Pa., March 5.—An all-feminine jury holds in its hands the fate of Mrs. Anna Kasale of Bobtown, charged jointly with her husband, for two violations of the liquor laws.

It is believed this is the first jury composed entirely of women in this country.

## Wolves Hear Fine Talk On Schools

Anthony Marino Addresses The  
Club At Its Meeting  
Last Night

The Wolves club met last night in the Elks' Home, North Mill street, for a regular dinner meeting. Following the dinner a business session was held, after which the members heard a most interesting address on the American high schools by Anthony Marino, a member of the club. The address of Mr. Marino was one of exceptional merit and showed a keen insight into the educational institutions of this country. Every person present enjoyed the address to the utmost.

What a marvelous civilization we would have if all endeavor were as concentrated and active as that we use in squeezing into a parking place! —The Port Worth Record-Telegram.

## DRINK WATER IF KIDNEYS BOTHER

Take a Tablespoonful of Salts If  
Back Pains or Bladder  
Is Irritated

Flush your kidneys by drinking a quart of water each day, also take salts occasionally, says a noted authority, who tells us that too much rich food forms acids which almost paralyze the kidneys in their efforts to expel it from the blood. They become sluggish and weaken; then you may suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To help neutralize these irritating acids; to help cleanse the kidneys and flush off the body's urinous waste, get four ounces of Jad Salts from any pharmacy here. Take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate sluggish kidneys; also to neutralize the acids in the system so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive; cannot injure and makes a delightful effervescent lithia-water drink.

## Sharon Plane To Be Sold By Sheriff

Is Believed To Be First Instance In State Of Seizure Of Plane For Debt

MERCER, Pa., March 5.—The first airplane in the state to be sold at Sheriff's Sale will be in Mercer county and the first Sheriff to have charge will be Sheriff Dan Callahan of this county.

The plane is now held at the Sharon airport. It will be sold on the date of March 6 between the hours of 10

and 12 a. m. The machine is held on a writ issued against the owners who are Youngstown parties. It is made known at the office of the sheriff today.

The sale will be in charge of the sheriff and his deputies who are working up a sales talk that will sell the big machine. There will be no trial flights for any prospective buyer, is emphatically announced by the officers.

### NO ICE HARVEST

Unless Dame Nature does her stuff this month there will be no ice harvest in this county.

To date neither Mercer nor Grove City ice men have been favored with climatic conditions of ice making coldness.

The nearest approach to it was in December when ice six inches in thickness was frozen. The usual big harvest at Stoneboro on Sandy Lake is lacking this year also.

Mercer used artificial ice last summer but Grove City has always been fortunate in securing a harvest from the surface of Barnore Lake.

### APPEALS FROM VIEW

The third land owner to appeal from the report of the viewers who assessed the damage to his land in Jefferson township is W. H. Bell who filed his appeal yesterday.

W. F. Michael who appealed was given \$300 by the jury at a trial of last week. The viewers gave him \$500.

J. E. Wright who was given \$1000 by the viewers was awarded \$1275 by jury verdict of last evening.

In the action of the United States Fidelity and Guaranty Company vs. H. P. Lurie and John Lavin the jury returned an instructed verdict for plaintiffs of \$200 plus interest making a total of \$234.

### WOOL GROWERS TO DINE

Covers for 100 will be laid at the dinner to be served in the Methodist church Thursday at noon to the members of the county Wool Growers Association and their wives.

The menu prepared by Farm Agent W. S. Hagar are clever works of art.

### REPORT MUCH CONTAGION

A total of 282 cases were reported at the health bureau here during the month of February. During the same period of time 285 were released from quarantine.

Of the 282 new cases 196 of them were measles, 40 mumps, 16 scarlet fever, 13 chickenpox, 10 whooping cough, 5 pneumonia, 1 each erysipelas and typhoid fever. For the week ending Monday, 99 new cases were reported at the bureau and 90 released.

## New Anti-Pain Oil Works Wonders

Takes the Crick Out of Your neck. The sharp shooting pains out of the shoulders—in a few minutes.

This new discovery is a combination of eucalyptus together with essential oils, turpentine, camphor, Capsicum and other valuable ingredients that is now being offered the public under the name of "Anti-Pain Oil." Formerly known as Snake Oil. It has proved to be an effective, agreeable remedy for aches and pains, chest colds, flu, coughs, etc. Thousands of sufferers are now being relieved by this new penetrating oil.

For rheumatic pains, neuralgia, crick in the neck, sharp shooting pains in the shoulder, stiff joints and sore muscles, apply freely to affected parts. The oil quickly penetrates, bringing relief almost like magic. For chest colds, flu and sore throat, apply freely to affected parts, well greased with vasoline or Vaseline. For coughs or hoarseness take ten drops on a lump of sugar. Don't continue to suffer longer. Use this new and improved remedy, perfected after years of research and experimental work. Instead of poisonous habit-forming drugs. You will then know what it means to be free from pain. Refuse imitations. Nothing like this new Anti-Pain Oil formerly known as Snake Oil. Special introductory generous size bottle for 7c at your druggist. Now being sold and introduced by Eckerd's of New Castle Inc.

## Peter's Adventures

BY MRS. FLORENCE SMITH VINCENT

### A BAD MISUNDERSTANDING

For some reason or other—and Peter could not have told you why—he did not like the looks of these fellows at all. They had cruel faces and their expressions struck him as crafty. He said as much to Dragon-Fly. And for a wonder, Dragon-Fly did not contradict him.

"Odd that you should have noticed it, young Human, and you a stranger to our land and our ways. Promise me to tell if I tell you a secret? Well we insects are not at all fond of the Army Worms. As a rule, whenever they pass through a field that field is stripped bare of its grass. They have come to 'show off' today and let's hope they will leave without doing the crops harm. Do you see that field of wheat yonder? Well, when the worms are in marching trim and on the war path, they will trample through it and eat every bit of green from the tops. It would wring your heart to see a field of oats or barley after they have passed through it!"

"I have heard the Humans talking it over," continued Dragon-Fly. "And since what is food for the Two-legs is food for the field folk, too, I am sorry to hear the bad news and in Dragon-Fly language I tried to sympathize with them. But your folks do not understand the tongue I speak and so I guess they never knew I was sorry for what the Army Worms had done to their crops."

A tear fell from Dragon-Fly's eye. Peter saw it glitter on the ground. Quickly he turned to the flyer. "What in the world is the matter?" asked he. Dragon-Fly sighed loudly. "No, the Humans do not understand poor Dragon-Fly!" said he. "Ah me! Well I remember once flying to whisper my sympathy into a Two-Leg's ear. And believe it or not, that Two-Legs raised his hand dealt me a blow that knocked me to the ground. It was some time before I came to and could rise into the air. As I lay at his feet I heard that Human say: 'Drat that pesky Dragon-Fly! Oh dear me! I was hurt and so were my feelings.'"

Next: "Methusalem of Insectland."

## Prayer In Congress

The house met at 12 o'clock noon. The chaplain, Rev. James Shera Montgomery, D. D., offered the following prayer:

O Thou, whose hand lifts the curtain of the morning, today, as we face duty and responsibility, may we stand erect. If at evening time we have failed may we take comfort in the realization that in the depths of a good, clean conscience there is no such thing as failure. In every situation may we be men of good report, men who never wrong a fellow and always prompt to help a friend. O Thou, who speaks to us in the silence of the mountains, we pray that wherever the light breaks and the sunshine falls that all may be happy and wise and put a bow of promise in the bosom of every cloud. In the holy name of the world's Saviour. Amen.

## Driverless Auto Crashes Into Store

Automobile Of Dr. J. L. Reed Runs Short Distance When Brakes Do Not Hold

When the brakes of a parked automobile belonging to Dr. J. L. Reed, of East Washington street, did not hold, the car ran wildly a short distance down the East Washington street hill, and crashed into the store of H. W. Thompson, between 10 or 11 o'clock, Tuesday morning.

The driverless car, after smashing the door of Thompson's store, backed to the curb and stopped. Luckily, no traffic was on the street, nor no pedestrians in the way of the runaway automobile.

## Oldest Traveling Man In World Makes Visit

Ninety-eight years young and still going strong! That's one Samuel Ruggles, veteran traveling representative for a western concern who stopped off in New Castle Tuesday on his annual selling rounds, and who, without a doubt, can lay undisputed claim to being "the oldest traveling salesman on the road."

Ordinary day after day hardships trouble the aged Mr. Ruggles none whatever; looking forward to the next day's work is a source of delight for him, and difficulties that often cause the average man to whimper get patient consideration from this spry, old gentleman.

Six years back a physician at Johnstown warned Mr. Ruggles to retire from the selling game, to abandon his road work and rest for the remainder of his years. But it didn't take well with him. He shoved the doctor's decision to the side and continued on the road. He's still doing business strong, while he says that physician was buried quite some time ago.

The area that Ruggles now serves covers a wide range of ground, Pennsylvania, New York, Connecticut, New Jersey, Rhode Island, Massachusetts and Washington, D. C. He can only make the retail stores that he serves once each year, and the trip here yesterday was his last unless he lives to return next year, and he expects to.

Despite his age he always leads the conversation, and doesn't wait for his interviewers to question him.

Just as soon as the salesman had begun to talk he said that Councilman Clayton H. Reeves is a very good friend of his. Both traveled together in western territory when Mr. Ruggles was younger, and developed a warm friendship. Mr. Ruggles didn't forget to pay him a call before he left town yesterday.

The salesman attributes his longevity to different factors, but says getting plenty of sleep has meant considerable. Away from home Mr. Ruggles usually retires for the night at 8:30 and arises promptly at 7 a. m. At home he doesn't get up quite so early.

Over-eating can do plenty of harm and Mr. Ruggles knows it, so he takes care in what and how much he eats. Mr. Ruggles thinks airplanes are what the thing, and said that if he was a bit younger that's the only way

he'd travel. Once he took a ride with eight other persons in a plane that took them 90 miles in the space of 50 minutes. Ever since he's been enthused over aviation.

One might think that because he's almost reached the century milestone Mr. Ruggles would need assistance in getting around. He's just the opposite, and perhaps would feel a bit insulted if you'd start to carry his heavy traveling case for him.

Living to 100 and more seems to be in Mr. Ruggles' family. In an unassuming way he said yesterday that he had a grandmother that lived to be 108, and at the age of 104 she walked four miles and back to a political meeting. His father was 89 when he died and he had an uncle who lived to be 98.

## What Shall I Do for Gray Hair?

By ALICE STRAWN

I am often asked for a good way to restore gray, faded or streaked hair. While there are many preparations on the market for the purpose, I know of nothing better than a mixture of good old sage tea and sulphur. You can either prepare the mixture at home yourself, or as most women prefer, buy it already prepared and improved by the addition of other ingredients, may be had in Wyeth's Sage & Sulphur Compound. All druggists carry it and since the cost is only 75c a bottle, there is really no need for any woman to go to the bother of preparing it herself. You would be surprised if you knew the number of men and women who employ Wyeth's Sage & Sulphur because its use is undetectable.

You simply moisten a comb or a soft brush with it and draw it through your hair, one small strand at a time. By morning the gray disappears and another application or two sees your hair beautifully and evenly restored to its full original color. There is no suggestion of that hard, dyed look that repels fastidious women. I advise any woman—or man—whose hair is turning gray to try Wyeth's Sage & Sulphur.

Doone. The prize of the evening was won by Mrs. Grace Stokely.

At a seasonable hour delicious refreshments were served by the hostesses, Mrs. Wilson and Mrs. Harris. Green and white tones were carried out in decorations.

The April meeting will be held at the home of Mrs. George Fisher of Richelieu Avenue.

**CARD PARTY**

## Peace Plan Will Be Submitted In Taxi-Cab Strike

First Move Toward Conciliation  
In Taxi-Cab Strike Is Made  
By Drivers

(International News Service) PITTSBURGH, March 5.—Striking taxicab drivers today indicated their first move towards conciliation with the owners in the eighth week of a taxi-riders strike.

A peace plan will be submitted by the drivers organization to the various cab companies, managed by the Parmelee Transportation company, the strikers' attorney, Leonard A. Mazer said today.

Although no statement has been given from the strikers' headquarters, indications are that the drivers might concur on a plan which would embrace recognition of their union, with an "open shop" schedule of work.

Thus far the drivers have been adamant in their initial stand that they be given full union privileges.

## King's Relatives Say They Cannot Raise Funeral Cost

Body Of Murdered Man Will  
Likely Have To Be Buried  
At County Home

Indications are that the county will have to bury John Henry King, the colored man who was shot to death by Bertha Blunt at the Williams home on Home street, King came here from Alabama, where his friends reside.

In response to a telegram notifying his relatives of the murder, Archie Allman received a message that the family did not have the necessary cash to have the body shipped home. It would cost in the neighborhood of \$70 to ship the body. King had only been in New Castle about two or three weeks and has no relatives here and no friends have volunteered to raise the money to bury him. Unless money is secured today King will be buried in the little cemetery at the county home.

## Pittsburgh Reds To Stage Parade

Pittsburgh Communists Will  
Defy Orders Of Police  
Superintendent Walsh

(International News Service) PITTSBURGH, Mar. 5.—Pittsburgh communists will defy the orders of Police Superintendent Peter P. Walsh that they not parade here tomorrow, they indicated today.

Although police have been ordered to break up any attempted "Red" parades, local communist leaders have issued a call for a meeting of sympathizers at a downtown railroad station arcade.

After a brief exhortation there a parade through the downtown section will be attempted.

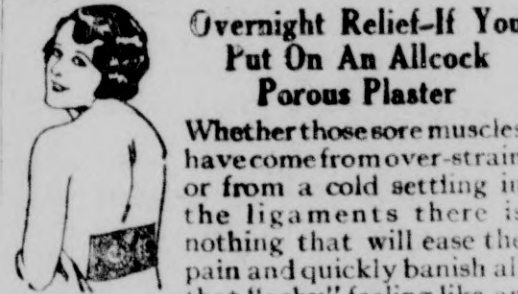

Pamphlets have been issued to children of the schools urging them to "play truant" tomorrow to join the cavalcade.

The communist leaders also indicated they plan meetings at principal industrial centers in Western Pennsylvania, despite prohibitory police mandates.

## Allisons File Suit To Collect For Work

D. J. and Edward Allison, trading as D. J. Allison and Son, have filed a suit at the prothonotary's office against Charles T. Eastburn in which \$1,266.50 is asked for stripping earth from stone in the Eastburn quarry near Wurttemberg. Allisons claim that a verbal agreement was made with Eastburn to do the stripping at 50 cents per cubic yard. According to the plaintiff's statement of claim, 2,533 yards of earth was removed.

Whether those sore muscles have come from over-exertion or from a cold setting in the ligaments there is nothing that will ease the pain and quickly banish all that "achy" feeling like an Allcock Porous Plaster. Just cut the plaster to the shape and size required and apply wherever there is pain or soreness. You'll be amazed at the speedy relief it gives.

Allcock's Porous Plaster are the original of all porous plasters and since 1847 they have been used by millions. They are fine, too, for lame backs, aching joints, lumbago, chest colds—in fact any place where pain and soreness exists. Only cost a quarter—little enough for the wonderfully quick relief they bring. Odorless—You can put it on and go any place without embarrassment. Be sure to ask for

## FLOWERS HAVE PLACE IN NEW SPRING STYLES

By ALICE LANGELLIER  
International News Service Staff Correspondent

(International News Service)  
PARIS, March 5.—Flowers are emphasizing the return of flatteringly feminine modes and have found their place in practically every spring collection.

Flowers are those of horsehair braid. They come in the lovely pastel shades which promise to be very popular matching chiffon evening gowns. They are transparent and give fairy-like, ephemeral touch to every summer frock, whether in centre-front side or even back, where some of the smart couturiers are placing them.

Maggy Rouff makes exquisite bouquets of old-fashioned flowers to accompany her evening frocks, but they are not sewed on. The wearer places them just where she thinks best and also just when they match the flowers in printed frocks and the shades of others.

Some of Mag Helley's new evening gowns of crepe de chine have huge rosettes made of the dress, silk pleated and gathered. Long bell-like sleeves of the same material hang loosely from the floral center.

Another dressmaker shows bunches of black silk roses. One model has a bouquet of them tied in with the sash at the left side of the back.

Pleated muslin makes a very prim and pretty little flower boutonniere to accompany a coffee-colored silk suit. It is reminiscent of a man's bow-tie and this held by a dainty edge of thread lace.

A blue and black printed chiffon afternoon frock has a large chiffon flower of the same design.

Silver flowers in a stiff bouquet accompany one of the spring bridal gowns.

Twined or leather flowers come on wool coats and tailcoats.

Madame Champcommunal advises one to wear a bouquet of red camellias just behind the right shoulder of a white frock and a spray of lilies

of the valley accentuates the to-the-waist décolletage at the left side of a charming evening frock in white satin.

## Remarriage Made Easier In France

(International News Service)  
PARIS, Mar. 5.—Remarriage of divorcees will be relatively simple and frequent following the recent modification of Article 295 of the Code Civil drawn by Napoleon.

Up to the present day, couples who divorced and later decided that they loved each other after all have had great difficulty in contracting a second marriage. As a result, many such couples have preferred to practice "free love" rather than surmount the obstacles.

The new law will suppress all restrictions previously put upon the divorcees and allow them to decide under which marital regime they will remarry in second union.

## Noted Ex-Slave Dies At Age Of 97

TITUSVILLE, Pa., March 5.—One of Titusville's most picturesque characters—David Ross, 97 year old Negro, born in slavery, is dead.

For many years he was employed at the Mansion House though recently, because of his age, his duties were not as arduous as they were several decades ago. "Uncle David" as he was called was known to hundreds of traveling men throughout North-western Pennsylvania.

Born in the South, he came north while a young man, settling at Warren, Pa., where he worked at the Carver House. Thirty or more years ago he came to Titusville, and had been on duty at the Mansion House ever since.

## Continue Hunt For Missing Plane

Report Western Plane Is Located Has Been Proven False

(International News Service)  
LOS ANGELES, Calif., Mar. 3.—Search for the missing tri-motored Western Air Express passenger liner and its crew of three was to be resumed by airplane today after reports that the wrecked plane was found had proven false.

A fleet of airplanes augmented by ground searching parties will concentrate on the Lake Arrowhead country where the airliners was last heard a week ago Sunday before it vanished in a severe rain storm. Pilots James Doles and Albert Elber and Stewart John Slaton were aboard.

The planes have been instructed to circle from the lake in ever-widening circles above the heavily timbered slopes and canyons.

## Taft's Condition Little Improved

Former President Has Good Night—Hope For Recovery Vain, However

(BULLETIN)  
(International News Service)  
WASHINGTON, Mar. 5.—Former Chief Justice Wm. H. Taft, desperately ill with a combination of maladies from which his physicians do not believe he can recover, had "a very good night" and was much brighter this morning, it was learned at the Taft home at 8 o'clock today.

The patient even had a cheery, though weak, "Good morning" to those who entered the sickroom.

This report on the ex-president's condition was accompanied by the usual warning, however, that not too much hope was to be revived because of his seeming progress.

## McBride Post To Meet This Evening

Tri-County Council Meeting To Follow Business Session Of Post

Harry L. McBride Post, Veterans of Foreign Wars, will hold their regular monthly meeting in their rooms in the Legion Home Association building this evening.

Following the business session of the post, there will be a meeting of the Tri-County council of the V. F. W., which comprises Lawrence, Mercer, and Butler county.

Plans will probably be discussed at this time for the coming Armistice Day celebration which will be held here next Armistice Day.

## "Sure Cure" Paddle Is Used On Boy Is Cause Of Trouble

YOUNGSTOWN, O., March 5.—Board of education members are investigating charges that Frank Aiken, 11 year old son of John A. Aiken, was beaten a week ago with a club by Miss Amy Eldredge, principal of Bancroft school. The father claimed that the boy carried bruises for three days. The so-called "club" is a paddle three-quarters of an inch thick bearing the words, "Sure Cure."

Miss Eldredge conferred with Superintendent of Schools John P. Richeson about the whipping and says that she did not abuse the boy.

The Banerett Parent-Teachers Association called a special meeting to discuss the matter and take action if necessary.

## Kidnappers Get Candidate Out Of Competition

political campaign to elect a twenty-second ward committeeman was thrown into an uproar today when five men wearing police badges allegedly kidnapped Otto P. Janousek, a candidate, and hustled him from his downtown hotel room.

# ANALYZE THE ALLOWANCE ON YOUR USED CAR

*If a dealer pays you more than the true worth of the car he must make up the difference by extra charges on the new car or re-sell it to some one else at too high a price*

**P**ERMANENT value is always better than a temporary bargain in the purchase of an automobile. It pays to look ahead and consider reliability and ultimate up-keep costs, as well as comfort, safety, speed, and beauty of line and color.

Since most automobiles are bought for replacement, the value set on your used car is a factor in almost every purchase. Frequently it is given an importance beyond its true worth.

Used cars have a definite market value and you are justly entitled to an allowance based on that value. It is not fair that you receive less. It is not to your best interests to receive more.

**I**F a dealer pays you more than the true worth of the car he must either re-sell it to some one else at too high a price or make up the difference on the new car. This he cannot do unless he is allowed an excessive profit on the car or on financing, extra equipment and other charges. In either case, you pay the bill, for no way has yet been found to give something for nothing. The money must come from somewhere.

## Steel And Iron Interests Plan Protest Meeting

Believe Protests Will Be Filled Against Increased Freight Rates

(International News Service) PITTSBURGH, Mar. 5.—Preparations for the meeting of steel and iron interests in Western Pennsylvania Wednesday, which may presage the filing of protests against increased freight rates scheduled for the Interstate Commerce Commission were well under way here this afternoon.

The proposed rates are tentatively slated to go into effect on May 20 next. Donald O. Moore, manager of the traffic division of the Chamber of Commerce, said today that inauguration of the new rates would mean increases of from six and one-half mills to nearly five cents per hundred pounds on carload shipments.

**Put To Disadvantage**  
Moore claims that shippers in the vicinity of Pittsburgh are put to a disadvantage as compared to Chicago interests, their competitors, where a large area is subject to switching rates which are not involved in the iron and steel shipping mileage scale. The new rates are a part of the readjustment ordered by the commission so that alleged discrimination between several steel producing districts and their common markets can be removed.

Under the proposed rates, says Moore, the shipping of iron and steel products from Pittsburgh to Allquippa, a distance of 19 miles, will be eight cents for one hundred miles, as compared to the three and one-half cents now paid per one hundred pounds. On shipments from Homestead to Pittsburgh, he continues, a seven-mile distance, the rates will increase from 2.9 cents to 6.5 for 100 pounds each 100 miles.

## COUNCIL MAY DISCUSS LOCAL TRAFFIC PROBLEM

Spring is just 'round the corner and as soon as it becomes one of those present it will be followed by Mr. Traffic Problem, a gentleman who in some respects is one of Pa. News' biggest bugaboos.

Annually as Dame Spring prepares to make her appearance city officials talk long and much but the outcome generally is the same situation that prevailed before the chit-a-chat. This may be changed somewhat this spring.

At present the so-called traffic division consists of a captain of traffic, two motorcycleists, two car-checkers, a traffic operator at Mill and Washington streets and two part time operators at Croton avenue.

Recently there has been considerable agitation over the Croton avenue-East Washington street situation double parking has not been checked and the spring traffic rush is practically due.

The bridge across the Neshannock river was built for the purpose of diverting as much traffic as possible from Washington street, through North street to Croton avenue then to the Harlansburg road.

The traffic problem will probably receive a thorough airing in the near future and to help the East Washington street-Croton avenue and Elwood City route, a street car skip-stop system may be discussed.

## Hartman To Leave For Training Camp

Joe Hartman, former New Castle high star, who is athletic coach at Grove City high school, will leave Saturday for Daytona Beach, Fla., where he will report with the Montreal International League baseball team. He is to be on hand for practice next Monday.

Hartman had a big season with the Canadian club last year and expects to go even better this summer. He suffered a knee injury last fall during a high school football practice, but it is better again and he will report in good shape.

Hartman has the best wishes from a host of friends for a big year.

## STATE COLLEGE, Pa., March 5.—

Women debaters think quicker, especially in rebuttal, in the opinion of Professor John Henry Prizell of the Pennsylvania State college. Moreover the women students take their debating more seriously than the men, the professor says, and he has been coaching debating teams for more than 20 years.

## Farm Defined By Census Bureau

Size Of Tract Does Not Matter As Long As It Is Farmed By At Least One Man

WASHINGTON, D. C., March 5.—A tract of land in Pennsylvania, if it is three acres or three thousand acres is a farm so long as it is farmed by one man and produces agricultural products, and will be counted as such in the coming national census, according to a decision announced by the bureau of the census.

The bureau has decided that a farm is all the land farmed by one person, so long as it is not less than three acres. If it is less than three acres, it must have produced last year at least \$250 worth of farm products, either consumed at home or sold, if it is to be regarded as an official farm.

Large country estates also have to be operated for the production of farm products to a certain extent before they shall be listed as farms in the census. They do not have to produce as much as the tract less than three acres, in size, however, a very small production on these large estates being sufficient to qualify them for the classification as farms.

## ZONING BOARD HEARS PROTESTS

Two Appeals Are Heard—Third Held Over For Special Meeting

First monthly meeting of the Board of Zoning Appeals in several months was held Tuesday afternoon in the city council chamber. There was a full attendance of the members of the board, Matthew Ginton, Sr., Mrs. Florence Pearson and Attorney Frank A. Hoyer.

Two of the three cases scheduled to be heard at the meeting were heard. The third was held over for a special meeting.

The first case considered Tuesday was the appeal of Mrs. Agnes Rhodes, who desires to remodel her property at North and Quest streets, raising the present building and placing a store room on the first floor and four apartments on the second and third floor of the building as now proposed. The permit was refused because of the lack of required light

and yard areas required for a building of the proposed proportions.

The second case was the appeal of D. R. Bolland represented by Mrs. Rhodes proposed spending approximately \$11,000 if permitted to go ahead. The board withheld its decision pending a further investigation and consideration of the matter.

The other case heard Tuesday afternoon was the protest of Jesse J. Jackamo, 10 East Garfield avenue, against the permit issued by the city engineer to Axel N. Bergland for the construction of a garage at 1211 North Mercer street, which abuts on the Jackamo property.

Mr. Jackamo was present and protested vigorously, because the proposed garage is but a little over eight feet from his home, will shut off the light in his dining room and will extend out in front of his front porch. The board decided to sustain the city engineer in the issuing of the permit.

The case of **FERTILITY** against D. M. Ritchie which was referred back to the board by the Lawrence county court to hear more evidence, while scheduled for Tuesday had to be continued because Attorney Clarence A. Patterson, counsel for the Ritchies, could not be present. The case will be heard on Thursday, March 6, at 1:30 p. m. in the city council chambers.

**FERTILITY GIVES Important Results**  
Eight Outstanding Results Are Revealed By Tests In Orchard Fertility

Lawrence County Farm Agent H. R. McCulloch believes that the eight outstanding results in experiments in orchard fertility, conducted by the department of horticulture at the Pennsylvania State college, reveal some facts which will prove of benefit to local fruit growers. The tests were in charge of Dr. R. D. Anthony, specialist.

Organic matter must be returned to the soil of the orchard to maintain tree yield and growth.

When orchards or ordinary soil fertility are given annual cultivation, the cover crops which can be grown after July 15 without fertilizers supply for little organic matter to maintain the soil and thus to maintain tree yields.

When the cover crop is heavy, either because of the high initial fertility of the soil or because nitrogen and phosphorus have been used, the decrease in soil fertility is very slow with the amount of cover now being grown after July 15. Will the decrease be changed to an increase if the cover crop is planted June 1 and a second crop for winter cover is planted?

Legume sods are giving satisfactory results.

Blue grass sods have given satisfactory results when supplemented by the use of readily available nitrogenous fertilizers until the sod becomes too heavy. It then uses too much nitrogen and the trees suffer.

Short sod rotations, four to six years, are giving excellent satisfaction. In two record-breaking dry summers the ability of college orchard plots to withstand drought has been in proportion to the amount of organic matter turned into them. The short sod rotation plots which were under cultivation last year grew the heaviest cover crop in the orchard.

During dry weather, trees in heavy sod done as well as trees under cultivation.

## Paroled Young Man Suicides

Officials Checking On Parole Of Johnsonburg Young Man Find He Killed Himself

(International News Service) PITTSBURGH, March 5.—Information reaching the office of Federal Probation Officer George G. O'Brien today was to the effect that William Botzer, 25, of Johnsonburg, Elk county, had ended his life in South Bend, Ind., on February 28 last.

Botzer's death was discovered when O'Brien began an investigation to discover why Botzer, a government prisoner under a two-year parole granted by the federal district court, had failed to report to O'Brien by mail on March 1 as instructed.

Botzer had obtained permission to go to South Bend, Ind., on February 25. He was a former Notre Dame student. O'Brien warned Botzer that under the terms of his parole he was to report by mail on March 1.

**Ate Poisoned Sandwich**  
When the report failed to arrive O'Brien began a check-up with Indiana officers, who wired the probation officer that Botzer ended his life three days after leaving Pittsburgh by eating a chicken sandwich sprinkled with strychnine at the home of a friend in South Bend.

A note, addressed to his father, in which Botzer said he "had gambled with life and lost," was found, according to the Indiana authorities.

Botzer was granted a two-year parole on May 27, 1929, when he entered a plea of guilty to a charge of stealing two letters from the mail.

## VALUABLE DRILL IS RECOVERED

**Diamond Pointed Bit Valued At \$3,000 Is Brought From Earth Where It Was Lost**  
(International News Service) WILKES-BARRE, Pa., March 5.—A diamond drill point valued at \$3,000, which had been entombed deep down in the earth for eight years, was recovered here recently by George W. Williams, a West Pittston drilling contractor.

Repeated efforts to recover the drill lost when Williams was drilling in Kirby Park in June, 1922, had been unsuccessful. Pedestrians, tractors, and the driftage of wind and storm over the years made finding the bejeweled point a seemingly hopeless task.

But Williams would not be denied. Two months ago he relocated the site of the lost drill, with the aid of surveyors and the records which he had kept during the eight years.

A few days ago, Williams' persistence won, and the drill point, in an excellent state of repair, was found, 250 feet down in the earth.

## Double Indemnity Claim Is Settled

Mrs. Emanuel Weinschenk Receives \$11,072.95 Following Refusal For New Trial

Mrs. Ada Weinschenk, widow of the late Emanuel Weinschenk, was paid \$11,072.95 yesterday by the Mutual Life Insurance company of New York in settlement of her claim for the death of Mr. Weinschenk.

Mr. Weinschenk had taken out a policy for \$5000, with double indemnity in case death resulted from an accident. Shortly after the policy had been issued Mr. Weinschenk was killed when a tractor, which he was driving, overturned on a hill at his truck gardens in Shenango township.

When demand for settlement was made the insurance company claimed that when the policy was taken out there had been a conditional agreement, the company contending that Mr. Weinschenk had taken a certain time in which to decide whether or not he would keep the policy. This was denied by the estate which produced evidence showing the premium had been paid.

Suit was brought in court and a verdict in favor of Mrs. Weinschenk for double indemnity was rendered. The company then made an application for a new trial. This was refused by the court and the company decided to pay the claim without taking an appeal. The amount paid includes the amount of the verdict with interest.

## Junk Dealer Gets Penrose's Bath Tub

Oversize Tub Placed In Executive Mansion To Accommodate Late Senator, Sold

(International News Service) HARRISBURG, Mar. 5.—The huge bathtub of the late Senator Boise Penrose, installed in the Executive Mansion here during the days of Governor Daniel H. Hastings, has been sold to a junk dealer.

The tub, twice the size of an ordinary vessel of ablation and larger than many bathtubs, brought only \$4 at the auction held here recently. For the past three years, it had been stored in the basement of the Capitol.

The late Senator, a frequent visitor at the Executive Mansion, found everything quite comfortable, with the exception of the baths, which were too small for him to enjoy.

## LANCASTER COUNTY PRODUCES TOBACCO

(International News Service) LANCASTER, Pa., March 5.—Lancaster's tobacco crop in 1929 had an estimated value of \$6,930.00 for Lancaster county growers of the plant, according to an unofficial report made here recently.

In the same unofficial figures it was estimated that 33,000 acres of land were devoted to the crop last year, with an average yield of 1,200 pounds of tobacco to the acre.

## Military Man Killed In Riga

Unexplained Military Uprising In Riga, Today Results In Martial Law

**POPULACE THROWN  
INTO DISORDER**

(International News Service)  
RIGA, Mar. 5.—One high military officer was killed and a number of persons were wounded today in an unexplained outbreak of violence in Riga, capital of Estonia, which resulted in prompt declaration of martial law.

Messages from Riga at noon today still failed to give the reason for the sudden outbreak. It was believed, however, that government authorities had discovered a widespread plot against the Estonian government.

**Aroused By Firing**  
The populace was aroused at 4 o'clock this morning by the piercing wail of military sirens, calling the military to arms. Before the aroused populace had time to catch its breath the heavy detonations of field guns mingled with the stuttering battle of machine-guns and rifle fire.

This firing continued for hours. Large bodies of regular troops and units of the civil defence corps poured into the streets and occupied strategic points throughout the city. All important buildings were occupied by the military. All telephones were cut off, and every civilian appearing on the streets was forced to show his passport.

**Major Is Killed**  
The first known victims of the outbreak were General Juhan Torvand, chief of the Estonian general staff, and a Major Ibrut. The two officers were motoring to the troops' barracks when they were challenged by a sentry. Failing to hear the challenge, or ignoring it, the two officers continued on their way, whereupon the sentry fired. Major Ibrut was instantly killed and General Torvand was wounded.

A number of other persons, taken completely by surprise by the military movement, were reported to have been wounded at scattered points about the city.

## Margaret Henry Home Board To Meet

Annual Meeting Of Board Of Directors Will Be Held On  
April 29

Announcement was made today by President Marcus L. Feuchtwanger, of the Margaret Henry Home board of directors, that the annual meeting will be held in the Chamber of Commerce rooms on Tuesday, April 29th. The meeting was postponed from Tuesday, March 4th, due to the lack of a quorum.

Inasmuch as the home is supported by the citizens of New Castle, any person interested in the home and its welfare is invited to attend this meeting and to hear the reports of this institution.

There are 62 children being cared for in the home at the present time, and deserving children are accepted for admission to the home, regardless of their race or religion. The public is invited to visit the home at any time to see the work that is being carried on there.

## AMOUNT DUE IS MORE THAN MORTGAGE FACE

William Pobes has instituted foreclosure proceedings at the courthouse to collect on a mortgage for \$600 given by W. H. Friday and others on property at Ellwood City. It is claimed that there is a balance of \$729 due on the mortgage. This amount includes the costs.

## Boy Scout News

### PATROL HAS SESSION

The Bob White patrol of the Elks Troop No. 5 met for its regular weekly meeting on Monday, March 3 at the Elks home. The meeting was opened by the pledge of allegiance, after which Victor Zuchowski led the boys in the Boy Scout oath. The dues were collected and the good turns received. Each member had to report a home duty performed during the week. The treasurer presented an account of the money made at the bake sale which was held at a local hardware store last Saturday. A new assistant patrol leader was elected and several other business matters likewise received consideration. Games of "poison" relay races and "swat em" were run off. A full attendance is requested of every boy at the next meeting on March 11.

**OYSTER SUPPER SLATED.**  
Scoutmaster Edwin C. Schmid, of the First Presbyterian Boy Scout troop, will be host to the scout leaders of Lawrence county—all scoutmasters and their assistants—at an oyster supper fete at the First Presbyterian church on Friday evening, March 14 at 7:30. Notices were sent out from scout headquarters this morning. A gala evening is being planned.

**FIRST AID EXPO.**  
Plans are underway for the annual first aid exhibition of the Lawrence County Boy Scout council to occur this year at the Carnegie auditorium on a date not yet selected. First aid methods will be fully demonstrated that night.

**PRINT TROOP PAPER.**  
"The Good Turn" is the name of the Boy Scout paper which Troop 1 at New Bedford publishes each month. News, jokes, cartoons and other things are included. Herb Boyd is the editor; Dave Wortman, reporter and Ted Ropp is the manager in charge.

**SELECT CHIEF SOON.**  
Word is to the effect that the committee on application, Lawrence county council, charged with naming a successor to J. Lee Calahan, new sea scout director for Region Three, will meet shortly to select an executive.

## Local Man Owns First Type Of Telephone Ever Used Here

Fifty-three years ago, on Friday, March 7, Alexander Graham Bell invented the telephone.

Before that time, electricity had never been used satisfactorily for transmitting voices over wire.

The older citizens of New Castle can remember the excitement created when the first electric telephones were installed. Prior to A. Graham Bell's perfection of the telephone, several local people were using Watt's telephone, manufactured in Louisville, Kentucky—made on the string telephone principle.

Carl L. Hanna, of West Washington street, owns a Watt telephone used fifty years ago by his father, M. Loy Hanna, and his grandfather, James C. Hanna. This was the first type of telephone ever used in New Castle, according to Mr. Hanna.

It is a queer looking instrument. There are two black tin boxes, about 12 inches square and 6 inches wide. One of the boxes, fifty years ago, sat in the J. C. Hanna and Sons jewelry and musical instrument store on Washington street, and the other box

sat in the Hanna home, on N. Mercer street.

The boxes were connected with wire. M. Loy Hanna strung the wire over roofs and trees, the distance from the Hanna home to the store.

Instead of having the ring of the electric telephone, a person was called to this phone by a bang, bang, bang. This noise was produced by using a mallet on the center piece of the tin box. Around this center piece, animal skin was stretched.

And then, too, the tin box was both mouth piece and receiver. Voices carried quite clearly, according to Mr. Hanna. The telephone was used for about five years, until the type invented by Alexander Graham Bell was installed.

Both youths pleaded guilty to the charges and the court recalled they had previously been paroled for a similar offense.

## Have You An Acid Stomach?

When gas, pain and distress follow a good meal, it is an almost sure sign of "too much acid" in your stomach. Get rid of it now for it is dangerous. Ulcers are apt to follow. No matter how much acid is in your stomach, you can enjoy and relax your next meal without fear of after effects, if you have some Bismarck Magnesia handy to prevent the trouble before it starts. Try it. Eat whatever you like, in reason, and then take a little Bismarck Magnesia to neutralize the acid, soothe your stomach and protect the stomach lining. Doctors recommend Bismarck Magnesia—thousands use it because it positively prevents stomach trouble or stops the worst attack in less than five minutes. Get a trial package, either powder or tablets, from your druggist, use as directed, and indigestion and stomach troubles will go like magic.

Colorless, tasteless as pure water, Nujol will make you see the bright side of life; it will help you to get the most out of your life; it will make you wake up in the morning feeling fit, and help you to do a good day's work with a smile.

Millions of people have discovered this fact—why don't you? You can buy Nujol in sealed packages at all drug stores. It costs but a few cents, and makes you feel like a million dollars. Get a bottle today and see how brimming health will boost your day's happiness.

## Best Talent In City Prepares To Present Great Programs For Hospital Benefit Fund

Those olden, golden days of minstrelsy, those days of Al G. Fields and Lew Dockstader, Primrose and West, Honey Boy Evans and Lasses White are coming back to New Castle. Coming back with a whoop on March 13 and 14, when the second annual minstrel show and revue will be presented in the Cathedral for the benefit of the Jameson Memorial hospital maintenance fund.

There are times perhaps when the quality of entertainment is slighted because of the worthiness of the beneficiary. Not in this case. Every trouper who will be in the circle, every performer who will be in the revue, is in there because he or she wants to help, and with this spirit back of them they are whipping a show into shape that is superior to many professional groups.

**Work For All**  
This is one time when there is a job for everybody. Some there are who can sing a song, or tell a joke. Others who couldn't carry a tune in a clothes basket and whose sense of humor died aborning, are gifted in salesmanship, executive ability, advertising, and the team work that is showing in the minstrel show.

There is an appeal to an old-fashioned minstrel show that no other form of entertainment has. Settle back in your seat with the wife, and as the curtain goes up to the ty-ta-tya-tya of the orchestra, you forget problem plays and sex dramas, talking pictures and screen lovers and for an hour or two laugh at the backface jokes and applaud at the comic songs and ballads.

Here in New Castle there are men and women who are the equal of many professional players, who for reasons of their own prefer the quiet of a business life as compared to the glitter and spangles back of the footlights. But announce a benefit show such as this, and immediately the

old urge comes back, they smell the grease paint, and hear the applause in their ears and very shortly you have an all star troupe gathered together.

**It's Bound to Click**  
This has happened in the benefit minstrel for the Jameson Memorial hospital. Such old time war horses of minstrelsy as Hughey Hannon, Tommy Blake, Bert Sanford, Davy Jones, Pete Joseph, and the rest of the crew have heard the call and for weeks they have been practicing. Gradually the show has been polished and revamped until today, with the show still over a week away, the minstrel itself is a guarantee of an hour's high speed entertainment.

In addition to the minstrel there is a revue with fancy dancing and artistic entertainment in it. Here again a group of local people with professional abilities are forging ahead with a revue that is going to surprise, and taking the show apart from curtain to curtain you find yourself with an armful of real entertainment.

**Now for the Business**  
As good as the show will be, it wouldn't be of much effect if there wasn't a business organization back of it, selling tickets, and making sure that the two nights would see a crowd. The women's clubs are into it, the business women, civic leaders, professional men, and you may have the pleasant experience of a ten thousand dollar a year man selling you a one dollar ticket for this show.

For the women's clubs, Mrs. S. H. Rhoads is handling the ticket sale, while for the business women Mrs. Sara S. McCune is in charge and these two women are canvassing their membership with letters and personal solicitation.

Mrs. R. D. McCullough has undertaken the Herculean task of calling every telephone number in the city in an effort to sell people who may otherwise might have been missed. With all the ticket sellers out gathering in the money, some responsible citizens had to be appointed to care for the money, and this job is again in the hands of L. W. McClung, City Treasurer. This needs no other explanation for Mr. McClung is known to practically every citizen in the city.

Many people are buying tickets in blocks. Orders have been received for 25 and 50, and checks are coming in. This is a wonderful spirit of co-operation, but the crowd is going to be big only if a large number of dollar tick-

ets are sold. The Cathedral holds about 3400 cash customers and to fill this twice would mean 6800 tickets. Hence there isn't much possibility of anybody's not getting in. The thing to do is to buy tickets now and get set for the show.

The minstrel and revue for the Jameson Memorial Hospital deserves to succeed. Even if the show were poor, which it certainly will not be, it still should see a crowd. In this case the show itself is well worth the price of admission, but all the profits made from it will be turned over to the Jameson Memorial Hospital for use in maintenance of this splendid institution.

It shouldn't be necessary to go out and sell the tickets. Folks should really look up a salesman for after all he is giving his time and energy. However it isn't being left to that, the salesmen are out on their toes, the tickets are going rapidly, but there is still some left for you.

How many please?

**TELL FOLKS  
how easy it is to  
LOSE FAT**

Everybody knows how excess fat has disappeared in late years. Men and women in every circle prove that figures need not stay abnormal. Youth and beauty, health and vitality can come back.

All must realize that, in late years, some new factor is employed. Fewer people now rely on abnormal exercise or diet. Modern science has proved that most fat people suffer from an under-active gland. Physicians now, in treating obesity, seek to correct that deficiency.

The chief factors are embodied in Marmola prescription tablets, prepared by a famous laboratory. People have used them for 22 years—millions of boxes of them. Now in every circle there are slender people who can tell you what they do.

The method is scientific and well known. Every box of Marmola contains the formula, also the reasons for the good results. No starvation, though moderation helps. The purpose is to help out an under-active gland, which should turn food into fuel and energy.

Go test this well-tried method. In a little while results will tell you what Marmola means to you. If you see the excess fat go and new vitality return, go on until the change is completed. Then, in fairness to your friends, tell them, as users have done for so long. Start today.

Marmola prescription tablets are sold by all druggists at \$1 a box. Any druggist who is out will gladly order for you.

WILLIAM HAZEN

Among the new stars to shine behind the footlights at the senior high school in its forthcoming production, "The Mad Honeymoon", will be William Hazen. "Billy" is getting the Wild West thrill of his life in trying to act like a bold desperado in the character of Bill Cripps. Chicago hold-up man with a price on his head. His realistic performance shows the power of imagination. He is the son of Attorney and Mrs. Roy W. Hazen.

**Workout Is Long  
For Reds' Hurlers**

(International News Service)  
ORLANDO, Fla., March 5.—Dan Howley, the Reds' new manager, believes in the formula that "work, and plenty of it brings success" as evidenced by yesterday's workout.

For an hour and a half Howley had the pitchers covering first base on hits to the right infield. Perspiring freely and leg weary, the flingers thought they were through for the day, but instead they were sent to the outfield where they chased the balls for another hour.

**Pirates To Commence

(International News Service)  
PASO ROBLES, Cal., March 5.—Two training grinds, comprised of morning and afternoon practice sessions, were scheduled for the Pirates today in the wake of the torrential downpour that marooned the Corsairs' squad in their hotel yesterday. Manager Jewel Ends devoted most of his time to doping out tentative lineups for the annual practice games which begin on Friday—provided Jupe Pluvius is in good humor.

## No Definite Trend In Steel Market Is Outlook At Present

(International News Service)  
PITTSBURGH, Mar. 5.—Lack of a definite trend in a steel market featured by irregularities in demand, wide variations in operating rates of different mills and a further moderate recession in total Ingot production will be noted by the Iron Age in its weekly summary of the iron and steel trade tomorrow.

Business from the automotive industry at a reduced level. Chicago remains in a leading position because of its sustained activity with Ingot production at 95 per cent of capacity. The average for the entire industry is estimated at 78 per cent, compared with 80 per cent last week and 82 per cent two weeks ago.

Pig iron production gained in daily average 10,181 tons, or 11 per cent, with production in February estimated at 2,838,920 tons. Pig iron buying is from hand to mouth, the Iron Age will say, except for "bargain" purchases induced by current low prices. Foundry iron has dropped 50 cents per ton in Eastern Pennsylvania and at Chicago.

Scrap is generally easier with heavy melting steel advancing 25 cents at Pittsburgh. Heavy melting scrap declined 25 cents per ton at Chicago.

Son Calls Mother  
Up On Telephone**

(International News Service)  
LANCASTER, Pa., March 5.—Meyer Smith, 32, a World War veteran, comes home today or tomorrow to visit his parents, Mr. and Mrs. John Smith.

The son had been in Buffalo, N. Y. Not much unusual about that except that it was just Sunday last when memorial services for Meyer, thought to be dead and buried, were held here.

The body of a man who died in the Erie county penitentiary hospital February 14 had been identified as Meyer and was buried here with military honors.

Meyer telephoned his home that he had not been in jail, was not dead and most certainly was not buried. When Mrs. Smith recognized the voice of her son, the father started for Buffalo at once to bring him home.

**Hunt Suspect In  
Murder At Chicago**

(International News Service)  
CHICAGO, Mar. 5.—Authorities today began a search for Dan Clemente, convicted Sicilian extortionist, following the murder of Joseph Cerrito,

whose testimony sent Clemente to jail two years ago.

Cerrito's body was found in the playground of the Socrates school last night. The throat had been cut and the skull fractured.

Clemente was arrested in 1927 on complaint of Dominick Russo, who said Clemente and his band of seven

had burned the soles of his feet when he refused to pay them tribute. They shot and stabbed him when he threatened to tell police he said.

Polka dots are favored for frocks for southern wear. Which means that they will be worn again this next summer.

# Bo-Broadway

by JOSEPH VAN RAALTE

By Central Press  
NEW YORK, Mar. 5.—Twenty-four young women were loaned by First National and Vitaphone to appear in the Broadway production, "Fifty Million Frenchmen." At the end of the first three months 15 of the Hollywood Hoydens refused to renew and climbed aboard the Twentieth Century headed for the land of sunshine, canned tomatoes, theosophy, chiropractors and Rosicrucians. The Nifty Nine who remain have personal reasons for lingering; but they do, say that when the present theatrical season closes they're going back to the flickers and the fogs, to roister in their natural and joyous inheritance of unconcern.

## "SHOWBOY"

The term "showboy" is in disfavor with the bulgy-browed lads of the ensemble. In a recent picture, after a spirited soprano protest, the problem was solved by contracts which read: "to play the part of a showboy."

## CULTS

Man's greatest asset is his ability to kid himself into a philosophy of mind while smarting under the disparagements of fortune. Evidence of this is presented in the sudden epidemic in New York of cults—an aftermath of the late Ticker Thumb. The majority of these pivot on the philosophy that money isn't everything in the world; that yachts, motor cars, country houses, duplex apartments, fur coats and pearl necklaces are delusions and snares; that contentment is better than wealth and that kind hearts are more than coronets.

Of course, with the return of prosperity most of this "defense mechanism" will evaporate. A philosophic calm that has taken all sorts of discipline to perfect, can be dissipated over night and rendered null and void, by one darned good tip on the stock market.

## NATIONAL CROSS-SECTION

John Dos Passos, master craftsman scrawls his name across the cover of a new book titled, "The 42nd Parallel"—quite the best thing he has written. He gives you a cross section slant at these United States, as he views them—a vaudeville show by epileptics on the front lawn of the church.

The scalpel of Dos Passos isn't as sharp as it might be. His incisions

aren't what you'd call "clean." But his hand is steady, and discerning. As the surgeon said "The operation was a success, but the patient died."

## CYNICAL LAUGHTER

Are you given to cynical laughter? Do you engage in sarcastic, leering, jeering or bitter mirth? If so, harken to Old Doc E. J. Kempf, and have a care. You say you don't know who the Doc is—that you never hear of him? You've got nothing on me; but he writes for the Medical Journal and Record and anyone who can break into that snappy publication deserves on the face of it, to be harkened to. Lend ear, therefore, to the Doc.

"Cynical, sarcastic, leering, jeering or bitter laughter does not result in relaxation. It is adopted to insult and produces fear and tension in another person. The reaction effect is the production of uncomfortable tension, in subconscious defense against the offended person's anger."

Huh, huh, huh.

## A WOMAN'S UPKEEP

Constance Bennett, Richard's Dotter, who came back from Europe a little while ago with a divorce and a million dollars and a movie contract, got talking the other day about how much money personal upkeep takes.

Shoes for daytime wear, according to Richard's Little Gel, run from 50 bucks a pair up, with three dozen pairs a season; and no one, under any circumstances, should pay more than 150 snacks for evening slippers. As for stockings, one pair of clocked, sheer chiffon an evening, for 50 berries, is the right count, with cheaper ones at 10 fish a pair for daytime, averaging two days wear, each pair.

If Connie keeps on talking like that pretty soon she'll be as uninteresting as her Reverend Paw.

## YOUR INCOME TAX

No. 31.  
Several salient facts are to be remembered by the taxpayers in claiming deductions for taxes. Taxes on personal property or real estate, whether business or residential, are deductible. So-called taxes which are assessed against local benefits, such as streets, sidewalks, drainage and other like improvements, which tend to increase the value of the property

assessed, are not deductible, since they are considered as constituting the cost of a permanent improvement.

The federal income tax may not be deducted. However, income taxes paid upon the incomes of individuals to states may be deducted by an individual on his federal income-tax return. The deduction of estate and inheritance taxes is confined to the estate. Retroactive provisions pertaining to deductions of estate and inheritance taxes are found in the revenue act.

Postage is not a tax. Automobile license fees are ordinarily deductible. Customs duties paid by a person on articles for his own use are deductible. Import or tariff duties paid in the operation of a business are deductible as taxes, provided they are not added to or made a part of the expenses of the business or the cost of the merchandise with respect to which they are paid.

Admission taxes are deductible, but the taxpayer must show that account has been kept of the amount paid. Guesswork will not be accepted.

Answers to questions of information and fact can be obtained by writing to Central Press Bureau, P. O. Box 126, Washington, D. C., and enclosing a self-addressed, stamped envelope. No answers will be given to marital, medical or legal questions.

What three men hold the three highest offices in the U. S. government? The president certainly is one. The supreme court chief justice probably is another, though his chief's title and \$500 yearly more pay are all he has to make him more important than the eight associate justices. As a third the speaker of the house of representatives seems the best guess, though vice presidential partisans are sure to dispute this claim. However, the speaker has a congressional vote and the vice president has none except in the event of a senate tie, which appears to give the edge to the former.

Did two British R. F. C. officers cross the Atlantic in an open cockpit plane some time in 1918 or 1919? John Alcock and A. W. Brown made a non-stop flight from Newfoundland to Ireland June 14-15, 1919. Harry G. Hawker and MacKenzie Grieve made a similar attempt May 18, the same year, but were forced down in mid-ocean, though both were rescued.

What makes it possible for a ouija board to answer questions?

The "Question Box's" opinion is that one of the persons at the board makes it possible—by manipulating it, more or less consciously.

What value has a 1923 five-cent piece from the "Kronrijk der Nederlanden?"

None in this country; its face in Holland.

When did the Hudson tubes, 33rd street, New York City, to Park Place, Newark, N. J., begin to operate?

The section of the Hudson tubes extending to 33rd street was completed in 1910; work on the Newark extension was completed in July, 1911.

Is Governor Franklin Roosevelt of New York any relative to the late Col. Theodore Roosevelt, the ex-president?

A distant cousin.

Do Indians, negroes, Japanese and Chinese shave?

They have beards (the men); not as thick as white men's, but enough to look fuzzy unless they do shave.

Where is information obtainable concerning the hatching and raising of chickens?

Address the Office of Information, Department of Agriculture, 215 Thirtieth street southwest, Washington, D. C.

NOTE: Charles P. Stewart's treatise on "Our Government" can be obtained by sending ten cents in coin to Central Press, Washington Bureau, P. O. Box 126, Washington, D. C.

Man Is Indicted For Killing Wife

BEAVER, Pa., March 5.—Harry C. Foltz, Aliquippa, was indicted for the murder of his wife, Mazie Foltz, by the grand jury. Foltz is alleged to have shot his estranged wife while she was at work in the Pittsburgh Mercantile Company store, Aliquippa, September 23, 1929. She died in the Rochester General Hospital January 13, 1930, from the wounds inflicted by Foltz, it is alleged.

# WORK ALL DAY TIRED AT NIGHT?

MISS KAY CULHANE, one of Postal Telegraph's high-speed operators at their main cable offices in New York, says:

"A good night's rest keeps me fresh and fit for my day's work. And I certainly do get it on that Deep Sleep Mattress! From the minute I snuggle into it till I open my eyes in the morning, I am sound asleep as a baby!"

Now . . . for less than a week's salary you can sleep luxuriously on a real Inner Coil Mattress

SPRINGY, BUOYANT COILS buried in soft upholstery! This luxurious new kind of mattress made by Simmons can never pack down like chair or cotton mattresses.

TYPEWRITER nerves . . . and office blues . . . soon vanish with a good night's sleep.

That's the reason why the Simmons Company have made a new mattress for people who work hard all day.

It's a real inner coil mattress . . . made with deep, soft, resilient springs . . . but priced so everybody in the United States can have one.

It's called the Deep Sleep . . . and its name suggests how comfortable it is.

And just because the price is low don't think the Deep Sleep

is a "cheap" mattress! It costs only \$23.00 . . . but Simmons are making them in tremendous quantities . . . and you share in these economies.

Go see it, please! Buy a Deep Sleep . . . put it on a Simmons Deep Sleep Box Spring or a Slumber King Spring. Stores that carry Simmons products have them all. Simmons Company, New York, Chicago, Atlanta, San Francisco.

Beautyrest Mattress, \$39.50 • Ace Box Spring, \$42.50 • Ace Open Coil Spring, \$19.75 • Deep Sleep Mattress, \$23.00 • Deep Sleep Box Spring, \$27.50 • Slumber King Spring, \$12.00 • Beds, \$10 to \$60. Bed No. 1593 shown above.

GO SEE IT, PLEASE! Feel it. Sit down on it. Then have it in your own home and know the most comfortable night's rest you ever had.

The Deep Sleep is dressed in beautifully patterned, long wearing materials, just as the Beautyrest is. In fact, there are just years upon years of springy, buoyant comfort in it because this new kind of mattress can't lump or form hollows like the old-style hair and cotton mattresses.

Priced so everybody in the United States can have one . . . \$23.00

## OH, THESE WOMEN!

By LEOLA ALLARD

D. H. B. wants to know: "Who gives the bride her trousseau—that is, the white nightdress and underwear?"

In the good old days, the bride's parents gave her the trousseau. If she had no parents, the guardian usually furnished it. In later days when so many women began to work and earn their own money, the girls often bought their own. Then there are those who, being ultra modern, seem to be somewhat indifferent as to WHO gives them ANYTHING? just so they GET it.

I knew one snappy young person, who asked a former devoted swain to give her the money for a trousseau to marry another. She knew that the old love would be so happy to have her bound and gagged, that he would give up pleasantly. He did. He thought that would be the end of a rather annoying situation.

But why the white nightgown? It's a very sweet thought, but I saw a trousseau the other day, and bride had pink, lavender, green and blue ones. All of shimmering satin with gorgeous lace insets.

Underwear today is a riot. A bunch of it looks like an explosion in a paint factory.

## Operator Of Car Sentenced For Theft

BEAVER, Pa., March 5.—Jay A. Johnston, 1916 McLean street, Aliquippa, pleaded in court today before Judges Frank E. Reader and William A. McConnell to charges of larceny preferred by the Woodlawn & Southern Railway Company of Aliquippa.

It was alleged that Johnston, a street car operator, had taken approximately \$315 from the cash boxes on street cars operated by him. He used a skeleton key to open the boxes, it was said.

He was sentenced to pay the costs make restitution, pay a fine of \$1 and serve from one to two years in the Western penitentiary.

## France Produces Many Chemicals

(International News Service)

France is now the world's fourth largest producer and exporter of chemicals, although its output is only one-fifth of that of the United States and one half that of Germany. It has taken a big jump forward in this line since the war, the main development being in the production of coal-tar products and fertilizers, fixed nitrogen and potash, perfumes and floral oils.

In 1925, the export value of French chemicals amounted to 3,283,000,000 francs, while chemical imports amounted to 2,500,000,000 francs. Thus, the French chemical industry

is now one of the most important branches of the export trade of France.

## Judge Orders Bride Returned To Parents

BEAVER, Pa., March 5.—Harvey Ring, aged 19, New Brighton, one of the principals in Beaver County's

most youthful wedding, was ordered by Judge Frank Reader to return his bride, aged 15, of one month, to her parents for one year, remain away from her during that time but contribute \$2 weekly to her support and buy her clothing.

John Grant, father of the bride, who preferred the charge of enticing a minor girl for the purpose of marriage, told the court he had no objection to Ring, former boarder in his home, but that his daughter was too young for marriage.

## SCHOOL BOARD AWARDS ELECTRIC BID ON AUDITORIUM AT MEETING

Beardsley Chandelier Manu-  
facturing Company Of  
Pittsburgh Awarded  
Lighting Con-  
tract

Twin City Scenic Company  
Gets Contract For Stage  
Scenery For Audi-  
torium

ELLWOOD CITY, March 5.—At the regular monthly meeting of the board of education which took place Tuesday evening in the Lincoln school in the form of a dinner-meeting, bids were opened for the awarding of the lighting and scenery contracts for the auditorium of the Lincoln school.

Various designs were submitted and after much deliberation the board selected those of the Beardsley Chandelier Manufacturing company of Pittsburgh and Chicago. The designs are of colonial pattern to correspond with the general architecture, and not too ornate. The contract for the stage scenery, including the velvet curtain for the front and the back-drops was awarded finally to the Twin City Scenic company of Detroit.

The board viewed several miniature stages, which were set up by representatives of various scenic companies, showing the placement of the scenery and working of curtains and dimming lights. The total cost of lighting will be \$2,425 and the main bid on the scenic effects was \$2,612.

Previous to the opening of the bids Supt. W. Ray Smith submitted a brief report in which he stated that a school band was under consideration, and that many students seem interested. The faculty will investigate the project further and make a recommendation at the next meeting of the board. The one difficulty with the present school orchestra is that the students are enrolled at high school age, and by the time a good band is worked out, many of the players graduate. A solution of this difficulty would be, in the opinion of Supt. Smith, to start the players in the grades.

Next week, Friday, March 14, there will be a music and physical education demonstration in the gymnasium of the Lincoln building. This will be for the purpose of selling physical education and music in a larger sense to the taxpayers, and numbers of invitations have been issued. While attending

the N. E. A. convention recently in Atlantic City, Mr. Smith attended a mammoth pageant entitled "Time" in which 2,800 people took part. It pointed out that much time is wasted and illustrated the worthy uses of leisure hours.

The annual school banquet which will be given in honor of athletic and literary lights of the high school, will be an event of March 12 in the study hall of the Lincoln school. The menu will be prepared and served by the domestic science department and the members of the school board and faculty will be special guests. Supt. Smith also stated that interested persons are hoping to form an 80-piece band which will be known as the Beaver valley school band. In May they will give a concert and Philip Sousa, celebrated band leader, has promised to be present and take an active part. Supt. Smith also reported that night school sessions will be conducted this year, each Monday evening, beginning March 31.

Secretary Mattox gave the following report: That the board had received the state school appropriation of \$18,468, of which \$8,218 represented the fifth ward, recently added to the borough.

According to the medical report only 35 children were sent home from school last month with infectious diseases, and that a very low rate of accidents was reported from the manual training department, much lower than any other school of this size in the district.

The advisability of giving the toxin and anti-toxin, which is a state practice, was discussed and the board went on record as favoring same, provided consent was obtained from the parents of the students. Those having been inoculated need not take any serum this spring. The serum is furnished free by the state.

## Mrs. Mary Graham Dies At Home

ELLWOOD CITY, March 5.—Mrs. Mary Graham, aged 63, passed away Tuesday evening at her home in Moravia, after a protracted illness.

A large circle of friends mourn her passing. Immediate survivors are her husband, John Graham; one son, John William of North Sewickley; three daughters, Mrs. Elizabeth Kriney of New Jersey, Mrs. Margaret Worrell of the New Castle road and Mrs. Florence Smith of North Sewickley. Funeral services will be conducted

## Wedded 65 Years

Thomas Longworth Perry, of Vallejo, Cal., 100, a nephew of the famous Commodore Oliver H. Perry, and his wife, 84, recently celebrated their sixty-fifth wedding anniversary, at a dinner party, given by their daughter. They were married in Boston in 1865.

Friday afternoon at 2:30 from the home. Interment will be made in the Leconte Grove cemetery. Rev. Charles Bell will conduct the service.

## SPECIAL SERVICES

ELLWOOD CITY, March 5.—Special Lenten services will be conducted in St. Luke's Episcopal church on Thursday. At 4:15 p. m. there will be a service for children, and at 7:30 the evening sermon and address will be given for adults. Rev. George L. Grambs, pastor.

## Merchants Ask Aid Of School Board In Student Thefts Here

Merchants Division Of Chamber  
Ask That Students Be Pro-  
hibited From Loitering  
In Stores

ELLWOOD CITY, March 5.—Messrs. M. Edelman and H. Willis presented themselves at the monthly meeting of the Board of Education Tuesday evening in the Lincoln building and asked cooperation for the suppression of small thefts in local stores by school children who loitered in the places of business prior to their attending school in the mornings and at the noon-hour. The merchants admitted that goods were displayed in a manner tempting to the careless juvenile mind, but felt that if the school buildings were opened earlier in the morning, much of the trouble could be eliminated.

About seventeen of the children have been apprehended before the police department, but a severe lecture did not seem to abate the trouble. The response to this plea, by the Board, was to assure the merchant that the matter would be investigated and some solution devised. Supt. Smith suggested that small shopping slips be compulsory before a student could buy anything in a store, so that the looters and shoppers could be told apart. The parents will be notified and any further trouble will be dealt with in no uncertain manner. The names of the offenders will be published and unpleasant publicity will be brought to bear on any miscreant.

## Education Board To Spend Large Sum On Chairs In Auditorium

ELLWOOD CITY, March 5.—While the type of seats for the Lincoln school auditorium has not been selected, the Board of Education at Tuesday night's meeting decided to appropriate about \$6,000 for the purchase of same. They will be of a high type, possibly in velvet finish and durable construction. The design will be selected at a special meeting of the board next week, owing to the fact that not all members of the board have seen the various samples submitted.

## Mrs. Hartman Is Club Hostess Here

ELLWOOD CITY, March 5.—Mrs. Ernest Hartman, Jr., entertained the members of the Y. M. M. club Tuesday night at her home on Wampum avenue.

Three tables of bridge were in play and special guests were Miss Ruth and Miss Lillian Haswell. At the close of a pleasant evening score honors went to Miss Mary Clyde and Miss Verna Thornhill.

Later delicious refreshments were served by the hostess assisted by her sisters. In two weeks Mrs. Mary Clyde of Line avenue will entertain.

## The Parent Problem

by GARRY C. MYERS, Ph.D.

### Be A Sport And Laugh With Child

The other evening at the dinner table my three children laughed uproariously at me for several minutes before I discovered the joke.

My oldest son had passed to me a dish of salad dressing and, instead of putting it on my lettuce, I absent-mindedly put it upon my steak.

"Daddy, you are awful funny sometimes," confided my daughter, when at about the age of ten, she was particularly chummy with me one day. "I don't mean when you try to be," she added.

"I guess I am," was my reply. "Do you remember one morning about a year ago when Mother told me I had better go back to the bathroom and wash my hands again before going to school—when mother was busy and I hesitated? Then do you remember how you looked up from your desk and said real cross: 'Of course, go on and clean up your hands right, don't annoy your mother?' Well, I went, of course. When I came down from the bathroom, you were busy at the other end of the room. I held up my hands like this, and you said, 'That's fine. Why did you not wash them that way in the first place?'"

"Do you know, Dad, that I never washed them at all? I just wanted to see what you would do. I went off to school and laughed and laughed."

We both had a hearty laugh over the incident. I must confess that I

felt at first a little doubt whether I should laugh or not; but I soon discovered that it was exactly what I should do and that by proving myself a good sport, admitting my own frailties, I had won the child's regard. Indeed, I felt a tremendous satisfaction that my daughter considered me human enough to take the matter as a good joke on me.

One evening Mrs. Myers and I were battling hard against the odds of time, each to get ready for evening engagements, she to address a P. T. A. of an elementary school and I to speak before a similar group of a junior high. At the dinner table we were almost silent. Time was limited. We devoted our attention pretty strictly to the eating business.

Soon the eldest lad of 14 drummed with his fork on the table. His mother looked up. I know, for I had looked up, too. After a few minutes he drummed again and another drum of eyes looked up. Nothing was said. Several more minutes passed, and a third drumming, with a third concert of looking up.

This time I said, "You are annoying your mother." To my surprise the boy chuckled. I sternly interrupted with, "This is a serious matter, my lad," following which he chuckled more. A mixture of emotions were arising in me when with laughter the boy explained the joke. Then I laughed, too, and the remainder of the evening hour was more human and humane. If you are as slow getting this joke as I was, call upon an adolescent boy or girl to help you.

Better to laugh with our children at ourselves than to have them laugh at us alone.

## JUSTICE HALTS—FAREWELL

A pathetic farewell is bid by William R. Howell, 21-year-old convict son of W. H. Howell, 65, at his home in Little Rock, Ark., who faces the death chair for a triple murder. A stay was granted the older Howell, and his son, serving five years in the Michigan State Prison, was given a furlough by the warden to visit his father. Young Howell is seen here bidding goodbye to his father as he leaves to complete his prison sentence.

## HIGHLIGHTS OF HISTORY

By J. Carroll Mansfield

America In The 20th Century  
The Presidential Election Of 1904

IN THE PRESIDENTIAL CAMPAIGN OF 1904, PRESIDENT ROOSEVELT TOWERED ABOVE ALL HIS RIVALS FOR THE REPUBLICAN NOMINATION. SENATOR MARK HANNA, HIS NEAREST COMPETITOR, DIED IN FEBRUARY, AND WHEN THE REPUBLICAN NATIONAL CONVENTION MET, ROOSEVELT WAS NAMED THE PARTY'S CANDIDATE BY ACCLAMATION, WITHOUT A BALLOT BEING TAKEN. THE PLATFORM ENDORSED ROOSEVELT'S POLICIES AND THE GOLD STANDARD.

THE DEMOCRATS TRIED HARD TO FIND A STRONG CANDIDATE AND A POPULAR ISSUE FOR THEIR PLATFORM. THEY TURNED FROM WILLIAM JENNINGS BRYAN, WHO HAD TWICE BEEN DEFEATED, AND CHOSE AS THEIR STANDARD BEARER JUDGE ALTON B. PARKER, OF NEW YORK.

THE REPUBLICANS PLUNGED INTO THE CAMPAIGN UNITED AND WITH GREAT ENTHUSIASM. THE TIRELESS ROOSEVELT WENT EVERYWHERE, MAKING SPEECHES AND WINNING SUPPORTERS. JUDGE PARKER MADE A STATEMENT THAT HE WAS IN FAVOR OF THE GOLD STANDARD, WHICH ANGERED MANY WESTERN DEMOCRATS WHO CLUNG TO "FREE SILVER", AND LOST HIM MANY VOTES.

THE OUTCOME OF THE CAMPAIGN WAS NEVER GREATLY IN DOUBT. ROOSEVELT WON A SWEEPING VICTORY AT THE POLLS ON ELECTION DAY, RECEIVING 343 ELECTORAL VOTES, WHILE PARKER GOT ONLY 133. THAT NIGHT ROOSEVELT MADE THE STATEMENT THAT NO PRESIDENT SHOULD SERVE MORE THAN TWO TERMS, AND THAT HE WOULD NOT SEEK RE-ELECTION FOR A THIRD.

## Harris Visions His Detroit Tigers In First Division Spot

"Bucky" Harris Will Be Disappointed If Tigers Do Not Finish In First Division

Has Good Material This Year To Aid Veterans; Lot Depends On Pitching

By JAMES L. KILGALLEN  
International News Service Sports Writer

TAMPA, Fla., March 5.—Stanley Harris, aggressive young manager of the Detroit Tigers, declared today he will be "disappointed" if his club does not finish in the first division this year. The Tigers came in sixth in the American League pennant race last season.

"Bucky" was whacking the ball to the infield at the Tampa ball park as he expressed his views. The once famous catcher, Roger Bresnahan, inventor of the shinguard, was taking the relay to the plate. Bresnahan, for years right hand man to John McGraw, manager of the New York Giants, is now coach of the Tigers.

Optimistic Note.

"Every manager is optimistic in the spring with 154 ball games to play," said Harris, between smashes at the infielders. "But I certainly do not think this is a second division club. In fact, if Detroit does not finish in the first division I'll buy you a new hat."

"I have a very good club all around if I can get good pitching. I have some good pitchers, too. I can depend on Earl Whitehill, George Uhle, Victor Sorrell and Owen Carroll. They've been through the mill."

The make-up of the Tigers for 1930 has not yet been definitely decided, of course. Harris said he has fourteen pitchers working out and it is too early to begin any weeding out. The catching jobs are "wide open," he explained. The catchers in camp are the veteran Hargrave; Hayworth; George Rensu who was purchased from Toronto; Raynyn Silva who was with the Tigers last year and William Steinbeck, a Cincinnati, Ohio, boy who was purchased from Seattle.

Several Fine Recruits.

"The first base job is Dale Alexander's although we have a fine prospect in Henry Greenberg," said Harris.

Second base will be taken care of by Charlie Gehring. Harris declared

## Those Famous Boners

Buck Herzog, Now Athletic Passenger Agent, Was Teammate Of Merkle, Snodgrass, Zimmerman

By NORMAN E. BROWN

Oh, yes, every baseball fan who was wearing long pants when the country went dry remembers Fred Merkle's boneheaded play.

And Fred Snodgrass' famous \$30,000 maff.

And Heinie Zimmerman's great race after Eddie Collins.

They stand out as the prize boners of baseball.

But who was the one player who lived through all three of these moments as a member of the team that suffered as a result of the mistakes?

Buck Herzog is that man.

"When anybody starts digging up the past on me," says Buck, "they give me credit for having played in five world's series. They tell how I tried the job of manager in Cincinnati, along with a dozen other fellows, and got out alive."

"But they forget that when Fred Merkle failed to touch second—I was there."

"And when Heinie Zimmerman ran the foot race to home plate with Eddie Collins—Buck was right there."

"And seeing the money slipping away every time."

"When they start talking about baseball bone plays, imagine the kick I get out of it," says the old National League infielder.

Buck has been out of baseball for many years now but is still following the activities of the ball tossers.

Rather he is directing some of their movements. For Herzog has the title of General Athletic Passenger Agent of a well-known railroad. His duties place him in charge of handling the itineraries of baseball teams, football teams, and crowds and sport bodies of every kind when their jaunts take them over his lines.

Right now Buck is playing golf to various and sundry baseball outfits that are already jumping around the country, with the first jump a southern training camp.

"And with a chance to route all the umpires during the playing season, on freight trains I give 'em the best reservations we have," grins Buck.

Which shows that a ball player feels much kinder toward the "robbers" after he gets out of the game.

Art Shires Is After More Money

(International News Service)

SAN ANTONIO, Texas, March 5.—The mystery surrounding the failure of four Chicago White Sox players to put in an appearance at the training camp here had been swept aside today.

Officials announced that Willie Kamm, Art Shires and Alex Metzler are seeking better contracts and that Smead Jolley has actually signed and is an honest delinquent.

But there is one sure thing that they will start in a day or so. William L. Klee will be in charge of the boys until after the basketball season when Coach Phil Bridenbaugh will have charge of the candidates.

## Fifty Report For Track Team At Hi.

Training Will Start Soon At Taggart Field For Track Season

(International News Service)

It seems queer to think of running in this kind of weather. But the directors at the senior high school aren't looking at it in this way. For this afternoon 50 candidates will report to Taggart Field to prepare to start training in hope of making the New Castle high school track team.

The reason for starting early this year is because on May 23 a Night Relay Carnival will be held and New Castle wants to have a good representative. Whether the boys will run a few laps today is not known. It depends on the weather.

But there is one sure thing that they will start in a day or so. William L. Klee will be in charge of the boys until after the basketball season when Coach Phil Bridenbaugh will have charge of the candidates.

## Titans Close Floor Season

Westminster Washed Up As Far As Conference Is Concerned; Dukes Can Win Title

Westminster college closed the 1930 season last night, and also the Tri-State conference playing, as far as the Titans are concerned. The conference officially closes on Saturday with the Thiel-Duquesne game at Pittsburgh.

Duquesne has a chance to win the Tri-State title by topping both Geneva and Thiel. A defeat for the Dukes by either team would leave the race tied up between the Dukes and Titans.

The Westminster team remained in Pittsburgh over night, stopping at the Fort Pitt hotel. Andy A. McDonald, graduate manager, was in charge of the Westminster team that left New Castle yesterday morning.

The standing of the Tri-State league to date:

|             | W. | L. | Pct. |
|-------------|----|----|------|
| Westminster | 7  | 2  | .777 |
| Duquesne    | 6  | 2  | .750 |
| Bethany     | 7  | 3  | .700 |
| Geneva      | 4  | 5  | .444 |
| Waynesburg  | 2  | 7  | .222 |
| Thiel       | 1  | 8  | .111 |

Results last night—Duquesne 31, Westminster 27; Geneva 30, Thiel 24. Game Thursday—Geneva at Duquesne.

Game Saturday—Thiel at Duquesne.

On surface consideration it would seem that colleges should serve as a vast reservoir for fistic talent. They produce powerful football and other strenuous athletic stars, many of whom are but a year or two out of their teens when graduated. They have brains and courage to a high degree. Yet few, indeed, of this college element has made any real progress in the prize ring.

Of course, Fidel La Barba, former world's flyweight champion, was a student at Stanford university, but he had won that title before entering college. At present Eddie Mack of Denver has been earning his way through Regis college by successfully battling some of our best lightweight. Not so long ago he stopped Jody Sanger of Milwaukee in the fifth round. Rocky Mountain ring wars are sure it is only a question of time until Mack wears an important fistic crown.

La Barba, after temporary retirement, is back in leather-pushing lane with the hopes of battling his way to the feather championship.

With its big money allure, it is the heavyweight class that calls to most husky collegians who would punch their way to fortune.

"Father" Lumkin, a great football star at Georgia Tech in 1927 and 1928, is about to set forth on the rocky road which has bruised such other grid brilliants as Monte Munn of Nebraska, Sully Montgomery of Centre, Ed Garvey of Notre Dame etc. etc. Those boys looked like great prospects. They were as tough as they came on a

Union Sextet Wins From Hickory 21-11

(International News Service)

The Union High girls varsity sextet defeated the Hickory high maidens 21 to 11, in a preliminary game to the boys' game at Union High gym on Tuesday evening.

The clever playing of Miss Patton gave the Union girls their victory. This pretty little miss caged eight baskets and played a great foul game. Miss Kennedy had a few foul

tricks to make up the other points for Union. The score at the end of the first half was 9 to 5 in favor of Union. Miss Gaugh and Miss Hoffman led the Hickory team in scoring. On the defensive work of Winters, Campbell and Aicher featured. The playing of the Misses Carr and Smith for Union was also very good.

The summary:

## NEW YORK STOCKS

## Market Is Strong In Early Morning Trading

(International News Service)  
NEW YORK, Mar. 5.—Tuesday's closing spurt in favored industrial and utility stocks was carried into the first period today and the market was active and strong in the early trading, with transactions in the amount of 477,000 shares in the first half-hour, the ticker fell behind 10 minutes, and as a rule prices relayed from the floor of the stock exchange were slightly higher than those recorded on the tape.

In the absence of favorable business and industrial news, bullish forces in the stock market stood squarely behind their favorites. New "drives" against the shorts in the specialties netted new gains for a number of the well known issues, Simmons Company racing up 5½ points to 69½ and Radio pushing up 1½ to 51½, the high point on the recovery from the November break.

Business and industrial news was mixed. While some sections of industry are making good progress in the recovery from last year's slump, others are being held back by falling prices and lower demand for goods. Unemployment conditions have improved somewhat, though government estimates place the number of unemployed at 3,000,000 men and women.

Fox Film broke 2½ points to 32½ on justice levy's decision permitting

Halsey, Stuart and Company to vote the 51 per cent of Fox B stock held in escrow by them as trustee under the first Fox financial plan. Other amusement stocks were active and steady around Tuesday's closing price levels. Chrysler Motor led a moderate rally in the automobile shares and sold up fractionally at 39. Hudson, Nash, Studebaker and General Motors also reached slightly higher price levels. The utility and electrical manufacturing stocks ran into a wall of selling orders and were unable to make any progress. Westinghouse sold off about 2 points at 189½ and General Electric lost ½ at 76½.

Professionals churned the active stocks violently in the second hour without effecting any wide price changes. The market leaders of the type of U. S. Steel, American Can and Standard Oil of New Jersey revolved within a small fraction of their previous close. U. S. Steel at 11:25 o'clock sold at 181½, unchanged from yesterday's closing price.

Call money in the outside market was offered as low as 3½ per cent, and Wall Street looked for a reduction below 4 per cent in the stock exchange rate, with a possible scaling down of the Reserve bank rate tomorrow. Commodity markets were fairly steady, with the exception of cotton which was down 50 cents a bale in the second hour.

## HEARING HELD BEFORE MAYOR

Hearing of Thad Aldridge and thirteen visitors, all colored, arrested in his home Monday night and charged with being the keeper of and visitors in a disorderly house because of an alleged gambling game in progress, was held Tuesday afternoon at four o'clock before Mayor William H. Gillespie.

After the testimony had been offered, two of the visitors were discharged as there was not sufficient evidence indicating that they had been in on the game at 910 South Jefferson street, the home of Aldridge. Aldridge was fined \$10 and three of the visitors, who had been participating in a game when the officers arrived, were fined \$5 each.

## Public Generous At Blind Sale

The public has been most generous in their aid in the sale of the articles made by the blind of the community and the Pennsylvania workshop, the women in charge with the New Castle Dry Goods Store reported today. If the response is as liberal during today and tomorrow, all the articles offered will be disposed of.

Mrs. John Anderson of North St., who has been quite sick, is reported as being slightly improved.

## Quartet Sings For Kiwanians

Allegheny College Male Quartet Entertains At Noon Hour

Members of the Allegheny college male quartet furnished a much enjoyed musical program at today's noon hour meeting of the New Castle Kiwanis club, held in the dining room of the Elks' club.

A program of varied numbers was presented by the quartet, interspersed with vocal numbers here and there. Members of the quartet are: first tenor, James Springer; second tenor, D. C. Knapp; first bass, A. J. De-Grange, and second bass, T. H. Mansell. Miss Mary Chamberlain also an Allegheny student, accompanied at the piano.

Featuring the program were the two solo numbers sung by Mr. Springer and Mr. Mansell. The one which Mr. Springer sang was "Danny Boy" while "Who Knows" was Mr. Mansell's contribution.

Numbers sung by the quartet were as follows: "I Passed By Your Window"—Lucas. "On the Sea"—Buck. "Sylvia"—Speaks. "The Big Bass Viol"—Bohannon. "Shadow March"—Protheroe. "In the Time of Roses"—Reichardt. "Bring Her Again"—Hastings. "Twilight"—Goldworthy.

The quartet also appeared earlier in the morning at the Kiwanis chapel program at the senior high school with the Rev. S. L. Maxwell in charge.

## Tentative Schedule Under Preparation

Percentage Of Wages Increases As Years Of Service Grow, White Says

Solicitor R. McKinney White of the city of New Castle has commenced drafting a schedule of pension wages to be paid should the council finally adopt an ordinance which now is in councilmanic committee. The schedule will show the percentage of wages to be paid after 20 years of service and when police have reached 60 years of age. Percentage will increase with number of years above 20 served, he stated today.

It is probable that a representative committee of police will confer with White and council before the pension ordinance leaves committee.

## Two Are Injured; Auto Crashes Tree

Punxsutawney Men Are Victims Of Auto Collision This Morning

(International News Service)  
PUNXSUTAWNEY, Pa., March 5.—William Crissman and William Quinlisk, both of this city, were injured seriously today when the automobile in which they were riding swerved from the road and crashed into a tree.

Both men were taken to Adrian hospital where attendants said their condition was critical. Crissman suffered a fractured skull while Quinlisk sustained a broken collar bone and internal injuries. The accident occurred just north of this city. Crissman and Quinlisk were returning from DuBois on the Clearfield-Jefferson County Line.

## Market Today Is Unsettled

By W. S. COUSINS

International News Service Financial Editor

NEW YORK, March 5.—Price movements in the stock market were extremely irregular and unsettled today. There was little in the business and industrial news to stimulate buying of speculative stocks.

Most sections of the market were held back by heavy profit taking and speculative selling. Westinghouse jumped 3 1-2 points to 194 1-2 on rumors of a stock dividend, and General Electric reached 78 5-8, only fractionally below the highest of the year.

Call money was offered at 3 1-2 per cent in the outside market, but the stock exchange rate ruled at 4 per cent.

## April 6, Final Date For Filing Claims By Vets

Local World War Veterans  
Who Are Beginning To  
Feel Disabilities  
Should Apply

SHOULD ENTER CLAIM  
FOR FUTURE NEED—

Attention of local World War veterans is called to the fact that April 6, 1930, just a month away, is the final date in which claims against the Veterans Bureau for disability compensation may be filed, according to the present law.

Local veterans are urged by the Lawrence County Red Cross Chapter to make application for compensation prior to this date, even though they are not now disabled to the extent that they would be entitled to compensation at the present time.

The reason is obvious. There are a great many men who are now disabled and who through negligence, allowed their claims to run along until it became impossible to secure much of the medical evidence necessary to prove their claim, and they are now unable to secure compensation.

In order to file a claim for compensation, it is necessary to prove that the applicant has a disability that can be connected with the service; then he must make formal application on blanks provided for this purpose, and must secure statements from doctors who have attended him between the time he was released from service and July of 1926.

However, it is believed that the present laws applying to disability claims will be broadened so that disability occurring prior to January 1, 1930, will be compensable.

## ROAMING

With Richards

Some News, Some Views, But  
Mostly Just Observations  
Of Interesting Things  
Around New Castle

Once again New Castle stepped out at the head of the column in American Legion affairs and for the third year, a national commander of the organization got hit right between the nose with a surprise package. They come here expecting an ordinary banquet with a few hundred present. They go away with the memory of a mammoth gathering, with a couple of thousand present, and more bands than a box of cigars.

This year's affair was just about the biggest of its kind in the American Legion this year. National Commander Bodenhamer took one look at that crowd of diners and then asked the toastmaster, Attorney William J. Caldwell, how in the world this city did such things.

There never was a gayer picture in the Cathedral dining room than that of last night. Paper colored hats, bands garbed in uniforms that were loud and pretty, and as representative a group of men and women as you could get together under one roof.

As usual Ellwood City hit the bull's eye with a zing. They have a bugle and drum corps now, with uniforms that are patterned after that of the old British Redcoat. Flaming red coats, with crossed straps, a huge Legion emblem in the center, white trousers with a gold stripe and a square military cap.

And ask me, can those lads play? The musician who likes to hear sharp attack and release gets a load of it with them, and the snap and rhythm in their playing indicates that somebody who knows his onions, or his drum beats and bugle notes, has been drilling them.

Woody Thompson explained that the corps wasn't yet up to what they wanted it, but you remember that old stall of the housewives who baked a perfect pie. There was always something wrong with it. And while Woody Thompson and Ted Evans and some more of the boys might tell me that they are still working on improvement, my guess is that Ellwood City's corps will be hauling home some silver cups for prizes this year at conventions.

Mike Kane had a load of Beaver valley lads up for the dinner. About 700 to be exact. Greenville was here with about 100. Butler, Oil City, even Erie and Pittsburgh had their representations. The party couldn't have been much more of a success unless they had given ten dollar bills out for souvenirs.

The Legion annual banquet is over and after a round or two of cheers it can be passed on for another year. There is another event scheduled for the Cathedral on March 13 and 14, that you can well afford to back with your money.

It is the annual minstrel show for the benefit of the Jameson Memorial hospital. The tickets cost one dollar each and you can't afford to be caught without a pair of them. There isn't any secret about getting them, all you need is a dollar and the desire.

The show will be good for plenty of fun and entertainment and it seems like getting double your money's worth when you know that the profits from your dollar go to help a cause as worthy as this.

And get this, customers, there are going to be no deadheads. I wouldn't be surprised if they charged the orchestra for getting in to play. Usually a newspaper man covering an assignment has more tickets than he can use around his pockets. In the case of the hospital benefit minstrel the tickets are being sold, for American money, and Harold Gordon separated me from a pair of iron men for some tickets. His argument is that President Hoover and King George will be welcome at the show, if they buy tickets, and because a newspaper man has to work the show is no reason for giving anything away when the cause is so worthy. And he's right.

At that many a man's instincts are more reliable than his so-called judgment.
